## PRIVATE SECRETARY'S OFFICE.

### NOTIFICATION.

No. 1.—In connection with the selection of Indian candidates for admission to the Royal Military College, Sandhurst, with a view to their qualifying for King's Commissions in the Indian Army, it is proposed to hold an entrance examination in India on the 15th May 1924. In the term commencing at Sandhurst in September 1924. There will also be examinations of Indian Candidates for King's India Commissions. The following information is published for the use of intending candidates:—

#### For Entrance:

(1) Candidates must be between the ages of 18 and 20 on the 1st July 1924 and must state their age definitely.

(2) Candidates are required to furnish a declaration which must be signed by their parents or guardians, to the effect that it is their intention to make the Army their permanent profession.

(3) Candidates must be prepared to pass a qualifying examination the detailed syllabus of which is printed as an appendix to this notification. The general educational standard required is that prescribed for the diploma of the Trinity College, a school-leaving certificate recognized by a Local Government, the Matriculation examination of an incorporated University or any higher examination.

(4) Candidates will, in addition, undergo a special test consisting of an oral examination conducted on a scale known as the Adversity Test for the Royal Naval College. This examination which is designed to test the intelligence and general knowledge of candidates will be conducted by a Board of officers.

(5) A medical examination, according to the standard laid down in Appendix 18 of the Regulations for the Army Medical Service, 1906, will also be held in India. Candidates should attach to their applications a medical certificate from a registered medical officer to the effect that they come up to the standard mentioned above.

(4) The cost of a first-class railway fare from their homes and back will be granted to medical students the medical and qualifying examinations in India.

Candidates finally nominated to join the Royal Military College, Sandhurst, will also receive the cost of one first-class fare from their residences to the port of embarkation, in India, and a first-class passage by sea to England.

Applications for railway fares should be made to the Private Secretary to His Highness the Governor of Madras.

Passages by sea for candidates selected for admission to the college will be arranged by the Extraordinary Commissioner, Bombay, under orders from Army Headquarters.

Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 500 to cover the cost of expenses incurred during the voyage to England.

(7) The ordinary fee for tickets at the Royal Military College, Sandhurst, for two years are as follows:—

(a) For a King's Indian Officer—as may be arranged by the Secretary of State for India in Council.

For the sum of—

	£	The
	pounds,	
(a) A private gentleman .. .. .	200	
(a) An officer or soldier who has died whilst on full pay, half pay, retired pay or pension, and whose family has been left in any distress (subject to the approval of the Secretary of State for India). .. .. .	50	
(a) A deceased officer of whatever rank, whose widow is, or would have been, if living, eligible for pension. .. .. .	50	
(a) A soldier who is serving, or who died while serving, with the colours, as who was discharged either on account of ill-health caused by the service, or after at least twenty years' soldier service. .. .. .	50	
(a) An officer who is (or, if deceased, was at the time of his death) on the active list holding rank below the substantive rank (as regards substantive, medical, dental and veterinary officers) or the rank (as regards officers holding honorary King's Commissions as Lieutenants and Captains) of Lieutenant-Colonel in the Indian Army. .. .. .	50	
A retired officer who has served in a rank below the above-mentioned ranks, and retired with not less than twenty years' service or on account of age, non-employment, or ill-health caused by the service, or on retirement of establishment. .. .. .	50	
(a) An officer who is (or, if deceased, was at the time of his death) on the active list holding the substantive rank (as regards substantive, medical, dental and veterinary officers) or the rank (as regards officers holding honorary King's Commissions as Lieutenants or Captains) of Lieutenant-Colonel or Colonel in the Indian Army. .. .. .	50	
A retired officer who last served in any of the above ranks and retired as stated in (f). .. .. .	50	
(a) A serving or retired officer not otherwise specially provided for .. .. .	200	

If the holder of a cadet is promoted, or retires, the rate of contribution will be altered accordingly.

The above fees are estimates of contingent expenses, sundries, etc., which are as follows:—

	£
Contingent amount for four terms .. .. .	100
Pocket money at £5 per annum .. .. .	75
Thirty weeks' maintenance at about £3 6s. a week .. .. .	127
Extra pocket money during vacation at £3 6s. a week .. .. .	95
Sundries, say .. .. .	136
<b>Total .. .. .</b>	<b>509</b>

(8) The sum for sundries includes additional expenses during the vacations, such as travelling and entertainments. The expenses of cadets will as far as possible be kept within the above limits, but the parents or guardians of cadets must be prepared to pay any excess over these amounts.

(9) The above estimate does not provide for European kit on arrival in England other than the amount required for college uniforms; for the purchase of European kit an additional sum of from £100 to £200 should be provided. Neither does this estimate include anything for the cost of outfit on being commissioned from the college.

(10) The Local Government will recover from parents or guardians proportionately in advance at the beginning of each year of the Sandhurst course one-half of the total estimated expenditures for two years and pay it into the local Treasury with full details in each case and with instructions that the credits should be passed to the Secretary of State for India through the ordinary London Account Current. No cadet will be allowed to procure above, at the College until the fees for the first term have been paid.

(11) An allowance of 4s. a day, in aid of the expenses of moving, washing, and other contingencies, will be deducted as a charge against the profits for each cadet as long as he is a cadet at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

(12) If a cadet is absent from school on account of vacation, a payment of £30 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

(13) If a cadet is restricted or removed during a term, his daily allowance shall cease from the date of such restriction or removal, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

(14) If a cadet is absent from school during a portion of the term, his allowance shall continue to be paid and credited to his account. In exceptional cases a refund of the contribution for the period of absence may be sanctioned by the Commandant, and in such cases the cadet's allowance shall cease for the period of the refund.

(15) Cadets selected for scholarships will be subject to such rules and regulations as are, or may be, from time to time, established for the maintenance of good order and discipline at the college.

They will, while at the Royal Military College, belong to the ordinary College Mess and no special messing arrangements can be made on their behalf.

Indian cadets are required to appear at all times in the uniform of the college except when on leave or when otherwise sanctioned by the Commandant, but they will be allowed to wear their national head dress should they so desire.

They will not be allowed to take part in any personal attendance of any kind to the college.

(16) One of the rules for admission to the Royal Military College is that a cadet should be unmarried. This rule will be waived in the case of Indian candidates, but in no circumstances will a cadet be allowed to take his wife or family to England.

(17) The normal length of the course of instruction will be about two years divided into four terms. The college terms will be—

Spring term.—From about beginning of February to about middle of July.

Autumn term.—From about beginning of September to about middle of December.

The intermediate periods will constitute the vacations.

(18) Cadets from India will have to qualify in the ordinary passing-out examination and will, on qualifying, be eligible for King's Commissions. Before being posted as lieutenants, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commissions will enter the Indian Army as Second Lieutenants.

(19) Unless a Government building is available, candidates will be provided with private accommodations usually in a hotel at Simla. Candidates will be charged for lodging, but the cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are provided, by order, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will on no account be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while in Simla.

(20) The Private Secretary to His Excellency the Governor of Madras, to whom applications should be made not later than 15th February, will intimate to the selected candidates the fact of their selection. No applications received after the 15th February will be considered.

#### For King's India Cadetship.—

(21) A candidate shall not be eligible for consideration if he be under 17 or over 19 (the half-year being reckoned by calendar months) years of age on the first of June for nomination in the previous spring, and on the first of December for nomination in the previous autumn. No exception of any sort shall be made in these limits of age as laid down by the War Office.

(22) If a candidate has already been certified by the Civil Service Commission as qualified for admission to the Royal Military College, he shall be eligible for nomination so long as he is within the prescribed limits of age.

(23) A candidate shall not be eligible for nomination to a King's India Cadetship unless his father is, or has been, one of the following:—

A military officer, with commissioned rank.

A military officer, with honorary one commissioned rank.

A civil officer, of any of the Indian Services, who is included among the persons named in the Royal Warrant of Precedence in India or whose appointment is included in the "supplementary graded list of civil officers not reserved for members of the Commissioned Civil Service."

A civil officer, of any of the Indian Services, holding an appointment not included in the above-mentioned supplementary graded list, whose competitive rank is decided by the Secretary of State for India to be not inferior to that of an honorary commissioned officer.

(24) King's India Cadets will be required, before admission to the College, to qualify (i.e., obtain 55 per cent of the marks allotted) in each of the four obligatory subjects of new 1

at an Army Entrance Examination, or to qualify in three of the obligatory subjects and obtain 80 per cent or more in the aggregate (vide paragraph 8 of Appendix 50th), and to furnish satisfactory evidence that they are eligible with regard to age and character.

(26) The relative claims of eligible candidates shall be decided by means of a scale of marks approved for the purpose by the Secretary of State in Council, the candidates being ranked according to the aggregate number of marks assigned to them respectively under the several heads of exam.

(30) The claims of sons of officers who have been dismissed the service or abolished, or completely retired for drunkenness or misconduct shall be assigned no marks, but the applications shall be simply recorded.

(32) The claims of sons of officers of the Indian Service (except officers of Royal Artillery who have been selected for continuous Indian Service and of Royal Engineers who have elected for continuous Indian Service or have completed 20 years service for Indian positions) shall be placed for consideration after those of the sons of officers of the Indian Service.

(20) The heads of villages shall be the following:—

Length of service of the father

Honorary distinctions of the father

Chronicity of  
Osteoporosis

strategized services of the father or other special circumstances not otherwise adequately recognized under these regulations.

(29) In calculating the length of service of the father, two years' service in the male shall be taken as equal to one year's corresponding service.

(32) Maria shall also be assigned—

(1) *Far father* having been killed in action, so having died of wounds received in action within twelve months after having been wounded.

(2) For a brother who received a King's India or Honorary King's India Cadastre having been killed in action or having died of wounds (as above).

(F) For father having died of illness directly due to fatigue, pain, or exposure incident to active operations in the field, or as consequence of wounds or injuries received in the performance of duty, otherwise than in action.

(4) Her father having died while actively employed.

(6) For father having died otherwise.

(6) For mother also being dead, the work being additional to those for death of father. (No work for death of mother if father is alive).

(21) In every case where a brother of a candidate has received a King's Lady Goldstep, a mark shall be deducted from those to which the candidate is otherwise entitled. In every case in which two or more brothers have received such Goldstep, further marks shall be deducted. But if a brother who received a King's Lady or Honorary King's Lady Goldstep has died while actively engaged, there shall be no deduction of marks.

(32) Subject to the two following regulations, candidates shall be placed on the list, for selection in order of age in their respective groups of figures.

Cadets (including orphans) whose brothers have received Cadetships shall be placed on the list for selection at the last of their respective groups of years.

Organs shall (subject to the above exception) be placed on the list for selection at the head of their respective groups of forms.

When the claims of two or more candidates are marked equally, and are not differentiated by the provisions of Classes 8 and 9 of this paragraph, and when the candidates are so many of the same age as to have before them an equal number of trials for admission to Secondary Conference shall be given to those who qualify highest on the examination list.

(22) King's India medals may be accepted from paying the following sums towards covering the expense of uniform, books, library, recreation, etc. (included in the contributions referred to in paragraph 7) if so decided by the India Office:—

	1960	1961	1962	1963	1964	1965
On joining the college	..	..	..	..	..	65
Commencement of first term	..	..	..	..	..	28
Commencement of fourth term	..	..	..	..	..	11

(34) The expenses of King's India Cadets at the Royal Military College shall not be payable by the State except in cases where, after due enquiry, the pecuniary circumstances of the cadets are ascertained to be such as to justify the payment.

(26) Incoming candidates should submit their application in the form below:—

### Form of Assumptions

1. Name in full (do not type or hand print).
2. Date of birth (this must be explicitly stated).
3. Gender and race.
4. Name, occupation, and address of father, whether living or deceased.
5. Name, occupation and address of guardian or male next-of-kin, in event of father not being alive.
6. Brief summary of any military service rendered, by land or air or both.
7. Name and standard of education, including school, with dates. Indicate qualifications after high school, including school dates.

8. Whether able to ride and what games played.
9. Permanent address in India.
10. Particulars of non-military service (if any) in any Government or Civil Department rendered by mere voluntary of candidate.
11. Whether able to speak English fluently.
12. Vernacular selected as fourth obligatory subject.
13. Optional subjects selected.
14. Whether has had drawing selected or not.
15. Medical report.

## SYLLABUS OF EXAMINATION FOR THE INDIAN CADETSHIP FOR ADMISSION TO THE ROYAL MILITARY COLLEGE, SANDHURST.

1. The subjects of the examination and the maximum number of marks obtainable for each subject are as follows:—

Class I—Obligatory.	Marks.	Class II—Optional.	Marks.
(i) English .. .. .	2,000	(v) and (vi)—	
(ii) Indian History and General Geography.	2,000	(v) Urdu .. .. .	2,000
(iii) Mathematics (Elementary).	2,000	(vi) Persian, Arabic or Sanskrit ..	2,000
(iv) An Indian Vernacular ..	2,000	(v) Physics and Chemistry or General Science.	2,000
		(vi) Mathematics (Intermediate).	2,000
		(v) British Imperial History ..	2,000

2. All the subjects in Class I must be taken up, and not more than two of the subjects of Class II, one only of which may be a language. If Urdu is selected as subject (vi) in Class I, it cannot be taken up as one of the two subjects in Class II. It is notified for the information of candidates that the optional subjects as allowed in (v) and (vi) (c) above—Physics and Chemistry or General Science—are two separate subjects, the selection of one being disjunct from that of the other as will be seen from two detailed syllabuses below.

Candidates who take up French in the qualifying examination are warned to make use of the Data before commencing to write.

Candidates will be required to qualify, i.e., to obtain not less than 50 per cent of the total marks allotted in English and 50 per cent in the other three subjects named in Class I.

3. Candidates who take optional subjects will be required to obtain 50 per cent of the marks allotted to each subject. Marks obtained below 50 per cent will not count in the aggregate.

Candidates who fail in one obligatory subject but make 2,000 marks or more in the aggregate will be classified as qualified candidates according to the aggregate of the marks obtained.

4. In addition to the abovesaid subjects, candidates may take up free-hand drawing to which 500 marks will be allotted.

## SYLLABUS OF SUBJECTS FOR THE ENTRANCE EXAMINATION.

English.

(Marks 2,000.)

Essay. Three alternative subjects to be given for an essay or letter of which candidates may choose one.

Reproduction of a passage read out to the candidate.

General paper (to test general knowledge and intelligence).

Indian History (General).

(Marks 2,000.)

Questions will be set which will give the candidate an opportunity of showing his general knowledge of Indian History. Questions will deal only with the broad outline of the subject and knowledge of detail will not be expected. Some choice of questions will be allowed.

Geography.

(Marks 2,000.)

A.—The general geography of the world and its physical features, viz.—

The size and shape of the earth; latitude and longitude; general distribution of land and sea.

The atmosphere; seasonal and regional variations of temperature, pressure and rainfall; winds.

The sea; form and temperature of the oceans; drift and stream currents; the tides.  
The land; characteristics and distribution of mountains, tablelands, highlands and plains; action of ground and surface water; ice and wind; types of land forms; characteristics of river systems.

Effects of climate on vegetation; characteristics and distribution of forests, grass lands and deserts. Animals characteristic of the chief vegetable regions; the great fishing grounds.

General climates and distribution of the chief races of mankind.

Distribution of population and of commerce in relation to physical features, climate, and vegetation; the natural divisions and the chief products of each continent; geographical reasons for the position of the great cities of the world and the routes between them. Missions.

Simple methods of making maps.

Candidates will be expected to show an elementary knowledge of the topography of the world, and to be able to read topographical and statistical maps, including Ordnance Survey maps.

B.—The Geography of India is dated, particularly its frontiers.

*Mathematics (Honorary).*

(Marks 2,000.)

*Arithmetic.*—The ordinary processes of arithmetic; the commoner units in the tables of measurement of length, area, volume (including gals, quarts, gallons) and weight (pounds, ounces); the metric gramme and litre with their commoner multiples and sub-multiples; fractions and decimals, addition and subtraction. A knowledge of elementary decimals and the process of extracting the cube root will not be required. Questions will not be set on "percent worth" or "true discount". The use of estimated methods will not be required.

Questions will also be set on the use of differentials and versers, on determination of areas, by dimensions (rectilineal figures, circles), by squared plans, by weaving; area of arcs, sectors and diameter of a tube; determination of volumes, by dimensions (rectangular block, sphere, cylinder), by displacement (wireless), graduated jar, basket, by weighing; use of balance; determination of density and specific gravity.

The use of algebraic symbols and processes and the use of slide rules and tables of logarithms will be allowed.

*Algebra.*—The expression of an arithmetical generalisation in a formula; easy questions on the simplification of algebraical expressions, such as might arise in dealing with practical problems; interpretation of a formula; evaluation of a formula for numerical values of its variables; simple equations; easy quadratic equations; solution of two linear simultaneous equations; algebraical equivalents of sum of in the Cambridge Geometry Schedule; easy factors; easy graphs; change of the subject of formulae; the use of four-figure logarithmic tables.

*Geometry.*—Practical and theoretical geometry according to the Cambridge Geometry Schedule. Proof will not be required of the propositions marked with an asterisk. Numerical solution of right-angled triangles by geometry or by use of sines and tangents.

Candidates will be expected to be conversant with the forms of the simpler solid bodies, namely, the cube, the rectangular block, the sphere, the cylinder, the cone, the right pyramid, and the cone.

In the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of mathematics.

*As Latin Vernacular.*

(Marks 2,000.)

1. Translation from the Vernacular into English.
2. Translation from English into the Vernacular.
3. An essay or letter on one or two alternative subjects.
4. Colloquial. Candidates to—  
(a) talk in the Vernacular;  
(b) write a short dictated passage in the Vernacular.

*Urdu.*

(Marks 2,000.)

1. Translation from Urdu into English.
2. Translation from English into Urdu.
3. An essay or letter on one or two alternative subjects.
4. Colloquial. Candidates to—  
(a) talk in Urdu;  
(b) write a short dictated passage in Urdu.

*Persian, Arabic or Sanskrit.*

(Marks 2,000.)

1. Translation from Persian, Arabic or Sanskrit into English.
2. Translation from English into Persian, Arabic or Sanskrit.

Physics and Chemistry.

(Marks 2,000.)

Physics.

(a) *Heat and Optics*.—Sources and production of heat; thermometry; expansion; calorimetry, specific heat, change of state latent heat; convection, conduction and radiation. Relation of heat to other forms of energy; the mechanical equivalent of heat. Practical applications.

Production and propagation of light; the refraction and reflection of light at plane and spherical surfaces; the formation of images (lenses and simple lenses; simple optical instruments. Dispersion and colour; vision.

(b) *Electricity and Magnetism*.—Simple experiments and measurements with magnets; magnetic force; terrestrial magnetism. Elementary principles of electrostatics; electricity induction. Simple forms of cells; electromotive force, current, resistance; the magnetic, electrical and thermal effects of a current; method of measuring currents. The largest galvanometer and moving coil galvanometer. Electro-magnetic induction; elementary questions on the application of these principles, e.g., to the dynamo, motor, telegraph or telephone, may be set.

*Practical Work*.—Simple qualitative experiments to illustrate the phenomena of heat; use of the calorimeter. Experiments with plane and convex mirrors and convex lenses.

Simple experiments on magnetism; mapping fields; comparison of magnetic moments and of pole strengths. The electrocopic and electrochromic. Use of the tangent galvanometer to compare solenoids and electrostatic forces; simple experiments in electricity. Wheatstone's bridge; determination of specific resistance.

*In the event of a practical test being impossible the whole of the marks will be allotted to the written paper.*

Chemistry.

The distinction between elements, compounds, mixtures; the laws of combination, equivalent weight, atomic weight, molecular weight, and their determination by direct methods only.

The chemistry of the following elements and of their chief compounds:—hydrogen, chlorine, bromine, iodine, oxygen, sulphur, nitrogen, phosphorus, carbon, potassium, sodium, zinc, iron, copper. Acids, bases, and salts. The relation of the atmosphere to plant and animal life. The part played by carbon in the growth of plants.

*Practical Chemistry*.—Experiments illustrating the difference between elements, compounds and mixtures; the preparation and properties of the more important acids and the alkaline hydroxides of the elements in the above list; observations on the behaviour of bodies as far as the action of reagents, including bodies not mentioned in the above list; simple experiments involving weighing and the measurements of volume, including the volume of gases.

*In the event of a practical test being impossible the whole of the marks will be allotted to the written paper.*

General Section.

(Marks 2,000.)

Papers will be set to test the candidate's knowledge of scientific principles and of their application in everyday life, as indicated in the following schedule:—

Principles of mechanics, illustrated by falling bodies and by simple machines; the meaning of mass, weight, force, energy; the transformation of energy.

The general properties of solids, liquids and gases; principles of hydrostatics with practical applications; velocities of diffusion and surface tension.

Production and sources of heat; measures of temperature and quantity of heat; effects of heat on matter; transformations of heat. Relation between heat and work as illustrated in the steam engine and the internal combustion engine. Domestic heating and ventilation.

Production and propagation of sound; pitch, loudness and quality.

Production and propagation of light; reflection, refraction and dispersion; colour. The eye and simple optical instruments. Domestic lighting.

Elementary ideas of integration. The fundamental experiments of electrostatics. Effects of the electric current, Ohm's law. Current electricity, with the outlines of its application in the dynamo. Practical applications of electricity in domestic lighting and in the transmission and transformation of energy.

The chemistry of air and water and of the elements contained in them. The chemistry of combination; various forms of fuel; action as a reducing agent in metallurgy. The relation of the air and its constituents to the life of plants and animals and to the weathering of rocks. The general laws of chemical combination illustrated by a few common substances (e.g., chalk, sulphur, salt and common acids and bases); explanation of these laws by the atomic theory.

The distinction between living and non-living things; the distinction between tropical climates and typical climates. The life of a plant; importance of plants in building up food and fuel. Fundamental principles of agriculture. Simple cases of fermentation and various acids. Simple physiology and hygiene.

The solar system; stars and nebulae. General structure of the earth's crust; igneous and sedimentary rocks; agents of denudation and deposition; fossils and their significance.

Some eleven of questions will be given. A list of the test may be included in the subject matter of the above syllabus, and the notice will be given of its introduction.

## Intermediate Mathematics.

(Marks 2,000.)

Includes Elementary Mathematics together with—

**Geometry.**—Elementary ideas in solid geometry (angle between planes, angle between line and plane, great and small circles of spheres, measured on).

**Algebra.**—Solution of two simultaneous equations, one linear and one quadratic; easy questions in variation; the meaning and simplest properties of negative and fractional indices; use of logarithmic notation; arithmetic progression; facile geometric progression; rule of change of a function and gradient of a graph; practical application of gradients and of areas of graphs.

**Trigonometry.**—Solution of plane triangles; graphs of trigonometrical functions; use of four-figure tables; formulae for trigonometrical values of the sum and difference of two angles.

**Statics and Dynamics.**—The lever, the inclined plane, the pulley and other simple machines; the composition and resolution of forces in one plane; moments; simple graphical methods; friction; statics (state of equilibrium); properties of the centre of gravity; work; velocity ratio, mechanical advantage, and efficiency of a machine.

The composition and resolution of velocities and accelerations in one plane; rectilinear motion under uniform acceleration; Newton's laws of motion; the conservation of linear momentum; work and energy; the time of flight, great or height, and horizontal range of a projectile.

*Proofs of the parallelogram and triangle of forces, and of the principle of moments will not be set for.*

*In the absence of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of mathematics.*

## British Imperial History.

The age of Discovery.

Trade and Settlement.

Foreign wars, their causes and the addition to the Empire resulting from them.

The constitution of the Dominions. Crown Colonies and Protectorates.

The general expansion of the Empire from the beginning of the 17th century to 1914

*"The British Empire" by Sir Charles James is recommended for study by candidates taking this subject.*

## The Cambridge Geometry Schedule.

The order in which the theorems are stated is not inquired as the sequence of their treatment.

## [Section I (Practical Geometry).]

1. Division of angles and of straight lines.
2. Construction of perpendiculars to straight lines.
3. Construction of an angle equal to a given angle.
4. Construction of parallels to a given straight line.
5. Simple cases of the construction from sufficient data of triangles and quadrilaterals.
6. Division of straight lines into a given number of equal parts.
7. Construction of a triangle equal in area to a given polygon.
8. Construction of tangents to a circle, and of common tangents to two circles.
9. Simple cases of the construction of circles from sufficient data.

## [Section II (Practical Geometry).]

10. Division of straight lines into parts in any given proportions.
11. Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.
12. Construction of regular figures of 3, 4, 5 or 8 sides in or about a given circle.
13. Construction of a square equal in area to a given polygon.

## [Section III.]

## ANGLES AT A POINT.

\* 14. If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles, and the converse.

\* 15. If two straight lines intersect, the vertically opposite angles are equal.

## PARALLEL STRAIGHT LINES.

\* 16. When a straight line cuts two other straight lines, if

(i) a pair of alternate angles are equal, or

(ii) a pair of corresponding angles are equal, or

(iii) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the two straight lines are parallel; and the converse.

\* 17. Straight lines which are parallel to the same straight line are parallel to one another.

# TRIANGLES AND RECTILINEAR FIGURES.

18. The sum of the angles of a triangle is equal to two right angles.
19. If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.
20. If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by these sides equal, the triangles are congruent.
21. If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.
22. If two sides of a triangle are equal, the angles opposite to these sides are equal; and the converse.
23. If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.
24. If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.
25. If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.
26. Of all the straight lines that can be drawn in a given straight line from a given point outside it, the perpendicular is the shortest.
27. The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram, and the diagonals bisect one another.
28. If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

## AREAS.

29. Parallelograms on the same or equal base and of the same altitude are equal in area.
30. Triangles on the same or equal base and of the same altitude are equal in area.
31. Equal triangles on the same or equal base are of the same altitude.
32. Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities:—

$$\begin{aligned} k(a+b+c+\dots) &= ka+kb+kc+\dots \\ (a+b)^2 &= a^2+2ab+b^2 \\ (a-b)^2 &= a^2-2ab+b^2 \\ a^2-b^2 &= (a+b)(a-b). \end{aligned}$$

33. The square on a side of a triangle is greater than, equal to, or less than the sum of the squares on the other two sides, according as the angle contained by these sides is obtuse, right, or acute. The difference in the case of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

## LOCUS.

34. The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.
35. The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

## THE CIRCLE.

36. A straight line, drawn from the centre of a circle to bisect a chord which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord.
37. There is one circle, and one only, which passes through three given points not in a straight line.
38. In equal circles (or, in the same circle) (i) if two arcs subtend equal angles at the centre, they are equal; (ii) conversely, if two arcs are equal, they subtend equal angles at the centre.
39. In equal circles (or, in the same circle) (i) if two chords are equal they cut off equal arcs; (ii) conversely, if two arcs are equal, the chords of the arcs are equal.
40. Equal chords of a circle are equidistant from the centre, and the converse.

## [Section IV.]

### THE CIRCLE (continued).

41. The tangent at any point of a circle and the radius through the point are perpendicular to one another.
42. If two circles touch, the point of contact lies on the straight line through the centres.
43. The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.
44. Angles in the same segment of a circle are equal; and if two lines joining two points subtend equal angles at two other points on the same side of it, the four points lie in a circle.
45. The angle in a semi-circle is a right angle; the angle in a segment greater than a semi-circle is less than a right angle; and the angle in a segment less than a semi-circle is greater than a right angle.

46. The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

47. If a straight line touch a circle, and from the point of contact a chord be drawn, the angle which this chord makes with the tangent are equal to the angles in the alternate segments.

48. If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

[Section V.]

#### PROPOSITION: SIMILAR TRIANGLES.

49. If a straight line is drawn parallel to one side of a triangle the other two sides are divided proportionally; and the converse.

50. If two triangles are equiangular, their corresponding sides are proportional; and the converse.

51. If two triangles have one angle of the one equal to one angle of the other and the sides about these equal angles proportional, the triangles are similar.

52. The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle, and likewise the exterior bisector externally.

53. The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

No. 40.—The following Government Order is published for information:—  
Enact—the following:—

LETTERS FROM THE GOVERNMENT OF INDIA, FINANCE DEPARTMENT, No. 440 Ex.,  
DATED 17th JANUARY 1924

[Addressed to officers for the purchase of motor-cars.]

I am directed to refer to this Department Notification No. 449-A, dated 12th October 1923, regarding the scheme of sales governing the grant of advances to officers for the purchase of motor cars. The question has been asked whether the term "leave the service" in the form of the mortgage bond executed in connection with such advances means such as that of an officer who leaves the service on being declared surplus to the post war establishment of the Indian Army. It is to say that officers should be held to mean "Leave the service from whatever cause". Consequently the whole of the principal sum which remains unpaid at the time an officer leaves the service whether voluntarily or involuntarily should be recovered in one instalment before his accounts are finally settled. Necessary amendments will be made in Form 14, Civil Account Code, Volume I.

## GOVERNMENT EXAMINATIONS.

## GOVERNMENT TECHNICAL EXAMINATIONS, APRIL 1924.

Notice is hereby given that the Government Technical Examinations in the following subjects, according to the Higher and Lower grades, will be held on the 25th April next and subsequent day, the Oral and Practical and the Typewriting (Higher grade) being conducted after that date, in accordance with a notice that will be published in due course in Part I-B of the Port St. George Gazette—

(1) Candidates for the Lower grade examination in shorthand should have attended at least the V Form of a Secondary School for one year and those for the Lower grade examination in Typewriting at least the III Form for one year.

(2) Candidates for the Higher grade whether in Shorthand or Typewriting should have qualified for a Secondary School Leaving Certificate or have passed the Matriculation Examination.

N.B.—The Commissioner may accept any other examination which he considers equivalent or higher, in lieu of the general educational tests prescribed above for admission to the Higher and Lower grades.

The following persons shall also be eligible for admission to the Government Technical Examinations—

(1) All persons who are certified by the head of a recognized technical school or class to have completed the prescribed course in the subject or subjects in which they appear;

(2) All employees under Government, Local Boards or Municipal Councils, who are required to pass in any of the subjects indicated in this notification;

(3) All other persons who are specially permitted by the Commissioner to appear.

Candidates who do not possess the required general educational qualification or have not been permitted by the Commissioner to appear, will be admitted to the Lower grade if they already appeared and failed in the Elementary or Intermediate grade and to the Higher grade, if they already appeared and failed in the Advanced grade.

No candidate can claim to come up for the Higher grade by reason of his having passed the Elementary or Intermediate grade. In such cases, the previous possession of the Certificate should be obtained.

of India attached to the application, which must in every case reach the Commissioner's office on or before the 28th February. It is to amount with the fee to be received in the Commissioner's office whether sent in cash or by Post Office order. No application will be registered unless it reaches the Commissioner's office by the date prescribed.

**Stamp.**—At Madras, in the case of all grades, the fee should be collected by the Receiver and sent in a lump sum to the Imperial Bank of India together with two sets of the receipt, one of which will be returned by the Receiver and the other signed and returned to the Receiver. The latter fee should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by the office in Madras in application.

13. Each application should be sent direct to the undersigned, post-paid, registered and addressed as follows, the receipt for this fee paid being carefully retained by it.

[Application for admission to the Government Technical Examination.]

To

The Secretary to the Commissioner for Government Examinations,

Colonial Post Office (Madras).

**NOTE.**—Candidates anxious to secure themselves that their applications have been received, should address an additional portion to their respective applications. The specimens should bear the candidate's address only, and be signed without. Such post-cards will be returned to them in due season with the "Finalist" stamp of the office concerned, upon them. No other form of advertisement is sought that required by the postal rules regarding registered covers nor possibly be given and will any action be taken of any nature from any candidate inquiring whether his application has been received. Irregularly stamped covers will be rejected.

14. Candidates should write their names, their father's name and their house names distinctly and in full in their applications and give their address in full also, if "Other Residents" they should state in columns 3 of their applications whether they are "Not-Residing Candidates," "Ad-Students" or "Students." Applicants defective in any particular will be returned.

**NOTE.**—The signature or initials of candidates, or the specimens sent by them should invariably be sent in full in column 2 of their applications.

15. The fee paid will, in no case whatever, be refunded, nor will it be returned for a subsequent application. Whether and any amount that may be then, (if absolutely paid) is returned. Candidates are warned to study the notification carefully and carefully themselves, before sending their fees, that they fulfil the prescribed conditions of admission to the examination and that they are, at all times, prepared to accept, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.

16. Subject to any clause that it may be necessary or expedient to make in the arrangements, the Written examinations will be conducted in the order of time and sequence shown in the following table:—

 (Chairman of five members of the Executive Council by the House)

## I. THE MEMORANDUM ON TRANSMISSION OF PRIZE, 1928.

1. The prize shall be awarded for a thesis on an original investigative in Pure or Applied Chemistry.

2. All theses should reach the Registrar on or before the 1st February 1929.

3. All essays and theses for University prizes shall be forwarded to the Registrar by the prescribed date by registered post. No essay or thesis shall bear upon it the name of the competitor or anything whereby his identity can be ascertained by the printer to whom it is to be submitted for printing. Each essay or thesis for a University prize shall be headed by a title on a separate sheet selected by the competitor and shall be accompanied by a sealed cover bearing on the outside the competitor's name or name of place and containing his name, designation and address and a signed declaration that the essay or thesis has been prepared solely for the purpose of competing for the prize and has not in any manner been previously published. Essays or theses may be printed, typewritten, photographed or written (but not in the competitor's own hand).

## II. THE GUJARATI PRIZE, 1928.

The prize for the year 1928, which may be in the form of money or books and may amount to about Rs. 400 or more, will be awarded by the Syndicate for the best essay or thesis on any topic connected with the Ancient Indian History by Graduates of the University of Bombay. The Syndicate may grant a portion of the prize for a thesis or dissertation worthy of awarding the whole prize, or may decide to award the prize on the ground of insufficient merit in the thesis submitted. When two or more essays or theses are considered to be of equal merit, the prize will be divided among the authors.

1. All theses or essays should reach the Registrar before the end of February 1928.

2. The essay or thesis should be an original work done by the candidate. The candidate shall declare by means of footnote, the sources from which his information is taken, the extent to which he has availed himself of the work of others, the date or dates of his references or citations, and the portion of his thesis which he claims as original. He shall further state whether the research has been conducted independently, under any advice or co-operation with others, and in what respects his irregularities appear to him to obstruct the study and knowledge of Ancient Indian History.

3. All essays and theses for University prizes shall be forwarded to the Registrar by the prescribed date by registered post. An essay or thesis shall bear upon it the name of the competitor or anything whereby his identity can be ascertained by the printer to whom it is to be submitted for examination. Each essay or thesis for a University prize shall be headed by a title on a separate sheet selected by the competitor and shall be accompanied by a sealed cover bearing on the outside the name of the prize and the competitor's name or name of place and containing his name, designation and address and a signed declaration that the essay or thesis has been prepared solely for the purpose of competing for the prize and has not in any manner been previously published. Essays or theses may be printed, typewritten, photographed or written (but not in the competitor's own hand).

4. The successful thesis will, under the terms of award of the endowment, be published by the University, the exact mode of publication being determined by the Syndicate.

## III. THE GUJARATI PRIZE, 1928.

1. This prize will be awarded for the best essay or thesis written on any topic connected with Indian Economics by Graduates in Arts of the University of not more than five years' standing who have been born and are resident within the territorial limits of the University.

2. The value of the prize is at present Rs. 500. The prize will be awarded in 1928 and essays therefor should be submitted to the Registrar before the end of February 1928.

3. The essay or thesis submitted should have been prepared solely for the purpose of competing for the prize and should not have been published in any manner previous to submission. Each competitor for the prize must forward with his essay or thesis a declaration that the above conditions have been observed.

4. While competitors for the prize have unrestricted choice of subject within the limits of Indian Economics, the following suggestions (under 5) are suitable topics and the methods of presentation are offered for the guidance of—

5. The Economics of a particular industry in a particular locality.

(a) A candidate taking this subject should confine himself mainly to a locality so limited that he can become personally acquainted with the whole of it, though electrification of particular points drawn from published reports relating to other localities may well be used. The candidate should investigate family budgets and working conditions of typical families and endeavour to throw light upon the social history and prospects of the industry and of those engaged in it.

(b) The economic problems of a particular agricultural district, either with special reference to some agricultural problem of general importance (e.g., Fragmentation and Revenue Subdivision at Dehgaon) or with reference to some important local problem such as that of taxes levied for Abolition in the Tarapur delta, or the Advantages and Disadvantages of Muzamdarship on the West Coast.

(c) The economic conditions and problems of some particular caste as defined body of workers in either an urban or rural area, the subject aimed at being an investigation similar to that of Mr. Arthur Dutt on Anglo-Indian families in Madras, or that of Dr. Shri Ram on the Untouchables in the villages near Poona.

Computations are not excluded from the class of other subjects but should select only such as are of sufficiently manageable dimensions as to permit of the production of essays and theses of possible value.

Compositors are warned that essays and theses which do not either contain new matter nor interpretation of previously known facts, or present such rearrangements of facts and ideas as make clear their bearing upon points of scientific interest will not be considered as meriting a prize to justify the price.

4. All essays and theses for University prizes shall be forwarded to the Registrar by the prescribed date by registered post. An essay or thesis shall bear upon its title the name of the competitor or anything whereby his identity can be ascertained by the persons to whom it is to be submitted for examination. Each essay or thesis for a University prize shall be headed by a motto or a motto-plate selected by the competitor and shall be accompanied by a sealed cover bearing on the outside the competitor's name at some address containing his name, designation and address and a signed declaration that the essay or thesis has been prepared solely for the purpose of competing for the prize and has not in any manner been previously published. Essays or theses may be printed, typewritten, photographed or written (but not in the competitor's own hand).

## GOVERNMENT TRAINING SCHOOLS, MADRAS DISTRICT.

The District Educational Officer, Madras District, hereby notifies for the information of the other District Educational Officers and Deputy Inspectors of Schools and the managers of aided schools that candidates for the Elementary grade will be admitted for training in 1st July 1924 in the Government Training Schools under the scheme below:-

Name of Institute.	Number of applicants available.		
	Elementary School.	High school.	Total.
(1) Government Higher Elementary Training School for Mahomedans, Madras.	60	40	100
(2) Government Training School, Miss Reddings, Madras.	20	40	60
	..	50 for Ad. Divisions.	40

3. The period of training is two years in the case of the students of both the Elementary Higher and Lower grades.

4. The District Educational Officer, Madras, will make the selection on the recommendation of the Inspecting Officers.

5. Inspecting Officers are requested to forward two lists, one of selected and the other of rejected candidates.

6. The lists of selected and rejected candidates should be forwarded to the District Educational Officer, Madras, by the Inspecting Officers before the 31st May 1924. The names of selected candidates should appear in the list in the order in which the Inspecting Officers wish they should be taken, i.e., they should be selected in reference to their general educational attainments, their service as teachers, the need for their training, and the nature of their appointment and the school from which they apply for training. Candidates who do not satisfy the condition of age-limit under rule 11a of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 11b. In the case of rejected candidates, the reasons for rejection should normally be contained against each.

7. To provide for the contingency of some of the candidates selected not joining the training school, a few more than the mentioned number will be selected by the District Educational Officer. All selected candidates who present themselves at the training schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves, but only up to the number of vacancies.

8. The list should not generally include anyone who has not been a teacher before or considering that there is a doubt whether he really intends to make teaching his profession.

9. In the selection of candidates for training, those who were awarded stipends last year, but were refused admission on account of their not appearing in time, may have a first claim for admission.

10. As to children of Governmental employees, candidates whose stipends are paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students. No pecuniary stipend will be sanctioned for teachers who hold permanent appointments in Local and District schools, or who, for any appointments as permanent teachers, or who have been given pecuniary appointments by Committees of local boards who employ them. In the case of these teachers, their employers should be given the application regarding the nature of the appointment held by them (permanent, temporary, etc.) for free or acting as the case may be; and whether the President of the local boards concerned are prepared to pay stipends on behalf of the teachers recommended by them. The applications of these candidates should invariably be signed by the President of the local boards as Chairmen as the case may be.

11. As regards the qualification for admission only those candidates who have passed the annual examination of the Third Form or have been awarded an Elementary School-Leaving Certificate of the eighth standard are eligible for admission into the Elementary Higher class, and only those who have passed the late Primary School examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting Officers are not lower than those, are eligible for admission into the Elementary Lower class. Preference should be given, as much as possible, to candidates whose educational attainments are above the minimum requirements. The certificate of general standing should be sent to the Inspecting Officer with the application. The certificate of physical fitness need not be produced only by the candidate whose application is as a government. Separate medical certificates need not be submitted by candidates whose applications are signed by an Inspecting Officer.

12. In cases in which the number of candidates applying for training is in excess of the number sanctioned by the Higher Inspector of Schools. The number of applicants available for each stage in the scheme as that available in previous years.

13. Printed forms of application etc. be obtained from the subordinates Inspecting Officers.

14. Applications completed in accordance with the above instructions should reach the District Educational Officer, Madras District, before the 31st May 1924. Applications received after the prescribed date will be rejected.

15. Application from teachers employed out of this district must come through the respective District Educational Officer and no exception whatever in this rule will be granted.

16. Only Ad. Divisions outside the area mentioned in this rule will be granted.

17. Only Ad. Divisions outside the area mentioned in this rule will be granted.

18. There are limits for Mahomedans and Ad. Divisions in the two training schools. Of the students selected and admitted into the training schools, those who do not live with their families or with relations will be required to become members of the hostels.

Madras, 1st February 1924.

H. S. HART,  
District Educational Officer, Madras.

GOVERNMENT TRAINING SCHOOLS IN THE NORTH ARUNT DISTRICT.

The Acting District Educational Officer, North Arunt, hereby notifies for the information of the Deputy Inspectors and Messengers at Akal Akal in the District that candidates of the Elementary grade will be admitted for training in July 1924 in the following Government Training schools under the charge—

Name of Institution.	Number of pupils available.		
	Elementary	Lower Secondary	Total.
(1) Government Higher Elementary Training School, Nalpet.	40	40	80
(2) Government Mahasabudra Training School, Akal.	40	40	80

3. The period of training is two years in the case of students of both the Elementary Higher and Lower grades.

4. The District Educational Officer will make the selection on the recommendation of the Deputy Inspector of Schools. Each Deputy Inspector should furnish the teachers with a form and send it in the register maintained in his office as per article 115 of the Inspection Code with three of application for admission printed, typewritten or in manuscript, and also send it along with the certificate in which select the applicants according to the instructions given below. Candidates should be informed that they are the only of having their applications or having their names entered if, after selection, they fail to join it a training school on the 1st July 1924.

5. This selection is to be for the Higher Elementary and the other for the Lower Elementary students—and that for each training school must be submitted in duplicate of the Deputy Inspectors and accompanied with a tabular statement containing the following particulars about each candidate—

(1) Serial number; (2) name in full; (3) age on 1st July 1924; (4) caste or race; (5) present employment; (6) length of service as teacher; (7) educational qualifications; (8) language; (9) percentage of the language the providing the applicant with an appointment after training; (10) whether a stipend is desired; (11) remarks.

6. Under column 1 must be given (a) pupils available as given with year and number of certificate, or (b) transfer certificate held, or (c) school leaving certificate held, or (d) certificate of annual school certificate held with number and date, or (e) in the absence of any of the foregoing a certificate from the Deputy Inspector of the school to the effect that the candidate's educational qualifications are sufficient for admission. Higher Elementary students should possess a Lower Secondary examination certificate or a transfer certificate of having secured promotion from the Third Form at a school to the effect that they are not below the standard of the Fourth Form at least or as Elementary school leaving certificate or having been promoted from the English standard.

7. The tabular statement should contain the name of the candidate in the order in which the Deputy Inspector desires that the school should be held, and they should be signed with their signatures to their respective schools, the name of the school and the date when they were signed. The attention of the Deputy Inspectors is directed to Madras Educational Rules, rules 114 and 115. It is expected that each Deputy Inspector's list will contain at least ten names for each grade. It should ordinarily include only the names of persons actually engaged in teaching.

8. Teachers employed in the Mahasabudra schools should submit their applications for training to the Deputy Inspector of the Akal Akal and submit the Deputy Inspector of North Akal Akal.

9. Two have employed permanently in local government schools will not be paid any stipend from Provincial funds. If there is any provision in the local budget for the stipend of independent pupils to be sent to school, applications may be obtained from such schools with the sanction of the President, Akal Akal, or the Chairman of the District Council, as the case may be, not submitted with a separate list for each training school and for each grade. Clear information should be furnished regarding the nature of the stipend held by them (if any) and, where possible, an estimate of the same may be.

10. Many applications be received from candidates for training in the schools in the district, they should be submitted separately with a separate list.

11. No candidate, except on appeal, will be considered with the application, but each Deputy Inspector should satisfy himself as to the correctness of the information given in the application form.

12. Supplemental lists will not be considered after the prescribed date on any account.

13. The lists, complete in every respect, and the applications, must be submitted by the Deputy Inspector to the officer on or before the 1st May 1924 without fail.

H. TAYACHARYA,  
Acting District Educational Officer, North Arunt.

(Camp) Shillong,  
12th January 1924.

GOVERNMENT HIGHER ELEMENTARY TRAINING SCHOOL, SALON.

The District Educational Officer, Salon, hereby notifies for the information of Deputy Inspectors and Messengers at Akal Akal in the District that candidates of the Elementary grade will be admitted for training in July 1924 in the Government Training School as stated below—

Name of Institution.	Number of pupils available.		
	Elementary	Lower Secondary	Total.
Government Higher Elementary Training School, Salon.	40	40	80

3. The period of training is two years in the case of students of both the Elementary Higher and Lower grades.

3. The District Educational Officer will make the selection on the recommendation of the sub-schools inspecting officers. Inspecting officers are requested to forward two lists—one of the selected and the other of rejected candidates. These selections are to be sent to the District Officer.

4. The names of selected candidates should appear in the list in the order in which the sub-schools inspecting officers wish them to be selected, i.e., they should be selected in preference to their educational attainments, their services as teachers, the need for their training, and the nature of their appointment, and the school from which they apply for training. Candidates who are not within the number of the age limit under rule 1 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 1B. In the case of rejected candidates, the reasons for rejection should be mentioned in each case.

5. To prevent the possibility of some of the candidates selected not joining the training school, it is necessary that the selected names be well known to the District Educational Officer. All selected candidates who present themselves at the training schools on the opening day will be selected; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned scholars.

6. The list should include no one who has not been a teacher before or possessing whom time is so short whether he really intends to join or not.

7. In the selection of candidates for training next year, those who were awarded stipends this year but have returned afterwards on account of their not appearing in time might have a first claim for admission.

8. It is desirable to prevent attendance, candidates whose stipends are paid by local or municipal boards will be admitted for training as private candidates on their students without exception.

9. In the case of teachers employed in board and municipal schools their information should be forwarded regarding the nature of the appointment held by them (permanent, temporary, such, pro tem or acting, as the case may be) and whether the local bodies have any say in their selection. In the case of teachers employed in Government schools, the attention of the Inspecting Officer is invited to rules 253 and 254 of the Madras Educational Rules. The application of such candidates should be regulated by the provisions of local boards and in those cases no preference should be given.

10. As regards qualifications for admission only those candidates who have passed the annual examination of the third form or eighth standard and have been found fit for promotion to the fourth form or have been awarded an elementary school leaving certificate of the eighth standard ranked as fit or good are eligible for admission into the elementary higher class and only those who have passed the last primary examination or a corresponding public school examination or whose statements in the opinion of the Inspecting officers are not lower than those are eligible for admission into the intermediate. Proficiency should be given in such as possible to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in duplicate with the application. The certificate of physical fitness need be produced only by the candidates who are in preparation. Separate medical certificates need not be submitted by candidates whose applications are signed by an inspecting officer.

11. It must be noted that the number of candidates applying for training is in excess of the number for which there is provision, the selection should be made on the basis of an entrance examination conducted by the Deputy Inspector of Schools. The number of candidates recommended for each stage should not exceed ten.

12. Forms of application may be obtained on request from the Deputy Inspector of Schools.

13. Applications completed in accordance with the above instructions should reach the undersigned before the 1st May 1924 together with the fee referred to in paragraph 6 above.

14. Applications from existing schools for students enter private management will be regulated by paragraphs 2, 15 and 16 in addition to rules contained in Chapter X of the Madras Educational Rules.

Salem, 2nd February 1924.

S. A. STEELE,  
District Educational Officer, Salem.

#### GOVERNMENT TRAINING SCHOOL, DINDIGUL, MADRAS DISTRICT.

It is hereby notified for the information of the Deputy Inspectors and Managers of schools in the Madras District that candidates for training at the elementary and intermediate grades will be selected in July 1924 on the Government Higher Secondary Training School, Dindigul (with a Secondary Training section attached).

2. The period of training is one year for the most of candidates who have completed the Intermediate course, and two years in the case of all other candidates.

3. Applications for admission to the Secondary grade classes should be submitted to the District Deputy Inspector of Schools, District, and those for admission to the Elementary grade classes to the District Deputy Inspector of Schools, District. Teachers employed in Government schools should submit their applications in the Deputy Inspector of the Madras District. The District Deputy Inspector of Schools and District will make the selection.

4. In each of these recommendations, Deputy Inspectors will furnish two separate recommendations for the Elementary and the Intermediate grades for the Junior Secondary grade—framing the following particulars in tabular form about each candidate:—

(1) Serial number; (2) name; (3) age; (4) date of birth; (5) date of birth; (6) length of service as teacher; (7) educational and social position; (8) language; (9) a guarantee to provide the applicant with one of the general secondary certificates awarded in the district; (10) particulars.

5. The Inspecting officers should furnish the names of the candidates in the order in which the Inspecting officers desire that selection should be made. In making their own selection Deputy Inspectors should take into consideration the candidate's merits as a teacher, the need for training teachers, etc. The list should ultimately include only the names of persons actually engaged in teaching.

3. Teachers employed in local board schools will not as a rule be paid stipends from Township Funds. Before making the names of such teachers in their first Deputy Inspector annual account whether there is provision in the budget of the local board or municipal council reported for stipends for the candidates in the event of their being selected, and information regarding stipends should be furnished in the statement. Candidates from local or municipal schools selected for testing will, if they fail to join the Training School, be recommended for removal from service.

4. Candidates for secondary training should attach to their applications a statement of their marks obtained at the public examination with the preliminary average in each subject, as well as a certified certificate. They should state whether the schools they attend are so recognized. The schools might include only those for secondary schools. Applicants from non-recognized schools via Madras district should be submitted through the District Educational Officer of the district in which the candidate is teaching.

5. A few private institutions, in which no stipends will be paid, will be selected in each grade.

6. Every student will be on probation for fifty working days.

7. The Managers of schools in this district are requested not to countermand applications for admission into training institutions in another district.

8. All applications should reach this office on or before the 15th May 1924, after which date no application will be considered.

M. S. R. THOMPSON,

Deputy District Officer, Madras.

Madras, 24th January 1924.

#### GOVERNMENT TRAINING SCHOOL IN THE TRICHINGOOLY DISTRICT

The District Educational Officer, Trichingopoly, hereby notifies for the information of the Deputy Inspectors of Schools and Managers of schools in the district that candidates of the Elementary grade will be admitted for training in July 1924 in the Government Training School in the shape as follows:

9. The period of training is two years in the case of students of both the Elementary Higher and Lower grades.

10. The District Educational Officer, Trichingopoly, will make the selection on the recommendation of the Educational Inspecting officers. Each Deputy Inspector should furnish the names of those whose names are presented in the register maintained in his office as per article 118 of the Inspector's Code with forms of application for admission typewritten as manuscript, printed, and in a receipt thereof from the candidate. He shall submit the applications according to the instructions given later. Candidates should be informed that they run the risk of losing their applications or having their names curtailed, if, after selection, they fail to join the training school on the due date.

11. Two separate lists, one for the Higher Elementary candidates and the other for the Lower Elementary candidates must be submitted in the office of the Deputy Inspector of Schools and submitted in this office with the usual tender statement containing the following particulars—

(1) Social number; (2) name in full; (3) age on 31st July 1923; (4) ratio of age; (5) present appointment; (6) length of service as teacher; (7) educational qualifications; (8) language; (9) school in which the candidate works after training; (10) amount of stipend; (11) remarks.

12. In the selection of candidates for training next year, those who were awarded stipends in this year, but were not admitted on account of their not appearing in time might have a first claim for admission.

13. The names of selected candidates should appear in the list in the order in which the sub-deputy inspecting officers wish they should be taken, i.e., they should be selected in reference to their educational statements, their service as teachers, the need for their training, and the nature of their appointment, and the school from which they apply for training. Candidates who do not satisfy the conditions of the age limit under rule 114 of the Madras Educational rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 115.

14. An applicant qualification for admission only those candidates who have passed the usual examinations of the third, fourth or eighth standard and have been listed fit for promotion in the next class or have been awarded an elementary school leaving certificate of the eighth standard, ranked as first or good are eligible for admission into the Elementary Higher class and only those who have passed the late primary examination or a corresponding public or school examination or whose statements in the opinion of the inspecting officers are not lower than those who are eligible for admission into the lower class. Statements should be given as much as possible in duplicate in which educational statements are shown three successive appointments. The certificates of a school education should be sent in original with the application. The statements of private schools need be produced only by the candidates whose appointments. Separate student certificates need not be submitted by candidates whose applications are signed by an inspecting officer.

15. In the case of teachers employed in local and Municipal schools clear information should be furnished regarding the nature of the appointment held by them (permanent, temporary, and pension, or salary, as the case may be) and whether the local board have made any provision in their budget towards the cost of their training. The attention of the Deputy Inspectors is directed to rules 122 and 123 of the Madras Educational Rules. The appointments of such candidates should be signed by the presidents of local boards and in those cases no personal stipends will be sanctioned.

9. The number of candidates recommended for each stage should not exceed ten.
10. Teachers employed in Mahomedan schools should submit their applications for training to the Deputy Inspector of the Mahomedan schools.
11. Applications completed in accordance with the above instructions should reach the undersigned before 1st May 1924 together with the statement and fee referred to in paragraphs 4 and 6 above.
12. Admission into training schools for quans and private management will be regulated by paragraphs 5, 11 and 12 in addition to rules contained in Chapter X of the Madras University Rules.

Tiruchirappalli, 26th January 1924.

K. V. SUBBATEL AYYAR,  
District Educational Officer, Tiruchirappalli.

#### GOVERNMENT TRAINING SCHOOLS, COIMBATORE AND THE NILGIRI DISTRICTS.

The District Educational Officer, Coimbatore and the Nilgiris, hereby notifies for the information of the Deputy Inspectors of Board and Model schools in the Coimbatore Districts that candidates for training will be admitted into the following Government Training schools during 1924 as noted below:—

Name of school.	Number of stipends available.		
	Secondary.	Elementary Higher.	Elementary Lower.
Government Training School, Coimbatore	40	40	—
Government Lower Elementary Training School, Nilgiris	—	—	60

1. The period of training will be two years. In the case of those who have passed the Intermediate or P.A. Examination or who have completed the Intermediate or P.A. course but have failed in the University examination, the period will be only one year.

2. Persons holding certificates of having passed the Matriculation as the Upper Secondary or the Intermediate course but who are holding elementary Secondary School-Leaving Certificate are eligible for admission into the Secondary grade. In the case of Secondary School-Leaving Certificate holders, their certificate-books should accompany the applications.

3. 9. Applicants must have passed the late Matriculation or Upper Secondary Examination or the Intermediate Examination of the Madras University or must hold good completed Secondary School-Leaving Certificate.

10. The number of provincial stipends is 50 and the rate of stipend is Rs. 10 per annum. The period of training is two years. In the case of candidates who have passed the P.A. Examination or the Intermediate Examination or those who have completed the Intermediate course, the period will be only one year.

4. In addition to potential stipendiaries the District Educational Officer will be prepared to select candidates whose stipends are paid from Municipal and Local funds and also other stipendiaries as free students. In the case of holders of Secondary School-leaving Certificates both the school and public examination records should be submitted in full.

5. Copies of general education and merit certificates should be submitted along with the applications. The copies must be produced on admission.

6. Applications should be considered by the managers of schools interested in the appointing officers in whose provision the candidates are employed.

7. There are two houses, one for Bahamas and five other for non-Bahamas attached to the Government Higher Elementary Training School, Vittoria, to which the Secondary Training students are also eligible for admission, should there be vacancies in them.

8. Applicants should also state if they have applied for admission to any other training school.

9. Potential candidates should be prepared to join the training school on the date required without let or hindrance and not be received but will be filled up by authorities without delay.

10. Applications for admission, completed in accordance with the above instructions should reach the undersigned before 1st May 1934.

11. Forms of application may be had from the District Educational Officer, South Area, Collyers M. H. or any Inspecting officer.

#### GOVERNMENT TRAINING SCHOOLS IN THE SOUTH ARCADE DISTRICT.

The District Educational Officer, South Area, kindly notifies for the information of the Deputy Inspectors and the names of school teachers in the South Area district that the dates of the admission of any pupils will be admitted for training in July 1934 in the following Government training schools under his charge:—

Name of Institution.	Number of pupils available.		Total.
	Higher elementary.	Lower elementary.	
(1) Government Training School, Vittoria	Nil.	40	40
(2) " " " " " "	10	40	50
(3) " " " " " "	Nil.	40	40

2. The period of training is two years in the case of students of both the elementary higher and lower grades.

3. Ordinarily the candidates will be sent to the Government training school selected by them. Applications should be submitted accordingly. Change of school in the middle of the course will not be allowed.

4. The District Educational Officer will make the selection on the recommendations of the undersigned Inspecting Officer. Each Deputy Inspecting Officer, through the teachers whose names are recorded in the register maintained in his office as per article 110 of the Inspecting Code with forms of application for admission, printed, endorsed, or manuscript, and no receipt issued from the candidates, shall select the applicants according to the requirements given infra. Candidates should be informed that they run the risk of losing their appointments or having their grants curtailed if, after selection, they fail to join the training school on the day fixed.

5. Two separate lists—one for the higher elementary candidates and the other for the lower elementary students—must for each training school, must be consolidated in the office of the Deputy Inspecting Officer and submitted with a suitable statement containing the following particulars about each candidate:—

(1) Social status; (2) name in full; (3) age on 1st July 1934; (4) caste or race; (5) present appointment; (6) length of service as teacher; (7) educational qualification; (8) language; (9) guarantee of the Deputy Inspecting Officer for promoting the applicant with an appointment after training; (10) whether a student is desired; (11) remarks.

6. Under column (7) must be given (a) public examinations passed, with year and number of candidates or (b) transfer certificates held or (c) school-leaving certificates held or (d) certificates of annual school examinations held with marks and date or (e) in the absence of any of the foregoing a certificate from the Deputy Inspecting Officer of the marks in the subjects of the candidate's educational qualifications relative to admission. Higher elementary students should possess a lower elementary examination certificate or a transfer certificate of having secured promotion from the third form to a certificate in the Headmaster of a recognized high school that they have read in the fourth form at least an elementary school-leaving certificate of having been promoted from the third to the fourth standard. In the exceptional situation is added to the instructions issued in this office M.O. No. 1423 of 1931, dated 14th July 1931.

7. The teacher who must select the names of the candidates in the order in which the Deputy Inspecting Officer directs that the selection should be made, and they should be selected with reference to their qualities as teachers, the need for their training, etc., the school from which they apply, their qualifications and the status of the appointment held by them. The attention of the appointing officers is directed to Maltese Educational Rules, rules 15 and 16. It is expected that each Deputy Inspecting Officer's list will result at least six names for each grade. Special schemes should be made to get as many higher grade candidates as possible.

8. Teachers employed in the Maltese medium schools should submit their applications for training to the Deputy Inspecting Officer of the Maltese medium and not to the Deputy Inspecting Officer of Boys' Schools.

9. Teachers employed in Local Board schools will not be paid any stipends from Provisional funds. If there is any provision in the Local Board or the Municipal body's order "stipends to teachers" their applications may be obtained from teachers with the consent of the President, Water Board, or the Chairman of the Municipal Council, as the case may be, and submitted with a recommendation for each training school not for each grade.

10. If any applications be received from candidates for training in the schools out of this order, they should be submitted separately with a separate list.

11. Candidates in original should be submitted with the applications, and the Deputy Inspecting Officer certify themselves as to the correctness of the information given to them.

15. Supplemental lists will not be considered after the prescribed date or any account.  
16. The lists, complete in every respect, and the applications, must be submitted direct by the Deputy Inspector to the office on or before the 31st May 1921 (without fail).

Cuddalore M.T., 19th February 1921.

F. KACHIVACHARI,  
District Educational Officer, South Arcot.

1. The period of training is two years in the case of students of both the elementary higher and lower grades.

2. The District Educational Officer will make the selection on the recommendation of the Deputy Inspectors. Deputy Inspectors are requested to forward two lists—one of the selected and the other of rejected candidates. Their attention is invited to rule 113 of the Inspection Code.

3. The names of selected candidates should appear in the list in the order in which the Subordinate Inspecting Officers wish they should be taken, i.e., they should be selected in reference to their educational attainments, their service at schools, the nature of their appointment, and the school from which they apply for training. Candidates who do not satisfy the condition of the age limit under rule 113 of the Madras Educational Rules should not, except in very special circumstances, be included in the list and the selection should be regulated, as far as possible, by rule 118. In the case of rejected candidates, the reasons for rejection should be mentioned in detail.

4. In the selection of candidates for training next year, those who were awarded stipends this year but were refused admission on account of their not appearing in time might have a first claim for admission.

5. In addition to practical stipend, candidates whose stipends are paid by Local or Municipal Boards will be admitted for training; as also private candidates as free scholars without stipend.

6. In the case of teachers employed in Board and Municipal schools their information should be furnished regarding the nature of the appointment held by them (permanent, temporary, etc.), pay, etc., as well as the salary before the local bodies have given any provision in their budgets towards the cost of their training. The attention of the Deputy Inspectors is invited to rules 113 and 115 of the Madras Educational Rules. The applications of such candidates should be signed by the Principals of Local Boards and in those cases no practical stipend will be considered.

7. As regards qualifications for admission, only those candidates who have passed the annual examination of the third form or eighth standard and have been found fit for promotion to the fourth form or have been awarded an elementary school-leaving certificate of the eighth or ninth standard as set or good are eligible for admission into the elementary higher class will only those who have passed the Tel. Form Examination or the fifth standard with the elementary school-leaving certificate or have been found fit for admission into the fourth class. Candidates should be given as much as possible to candidates whose educational attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The

certificates of physical fitness need be produced only by the candidates whose names are recommended by the Inspecting Officers and not by candidates whose applications are rejected by an Inspecting Officer.

8. Printed forms of application can be obtained on request from the Deputy Inspectors of Schools.

12. Applications completed in accordance with above instructions should reach the undersigned before the 15th May 1924 together with the fee referred to in paragraph 4 supra. Those received after the due date will not be considered.

District Educational Officer acting in Vijayanagara.

Vijayanagara, 15th February 1924

# GOVERNMENT TRAINING SCHOOL IN THE ANANTAPUR DISTRICT.

The District Educational Officer, Anantapur, hereby notifies for the information of the Deputy Inspectors of Schools and Managers of Aided Elementary Schools in the District that applications for Elementary Higher and Lower grades will be admitted for training in July 1924 into the Government Higher Elementary Training School, Anantapur, as noted below:—

Name of Institution.	Number of subjects available		
	Higher.	Lower.	Total.

Government Higher Elementary Training School, Anantapur .. 16 40 56

2. The period of training is two years in the case of students of both the grades (Higher and Lower).

3. The District Educational Officer will make the selection on the recommendation of the schools with Inspecting Officers. Inspecting Officers are requested to forward two lists—one for selected and the other for rejected candidates.

4. The lists should contain the following particulars regarding each candidate:—

(1) Serial number, (2) name in full, (3) age in years and months on 1st July 1924 and not of date of birth, (4) caste or race, (5) present appointment, (6) length of service as teacher, (7) educational qualifications, (8) language, (9) school to which the candidate returns after training, (10) a record of studies and (11) whether a copy of the certificate is attached.

5. The names of the selected candidates should appear in the list in the order in which the schools with Inspecting Officers wish they should be taken, and the selection should be registered as far as possible by rule 118 of the Madras Educational Rules. Candidates who do not satisfy the condition of the age limit under rule 114 of the Madras Educational Rules should not appear in any special circumstances, be included in the list. In the case of candidates in the rejected list the reasons for rejection should be mentioned against each.

6. To qualify for the contingency of some of the candidates selected not joining the Training school, a few more than the sanctioned number will be selected by the District Educational Officer. All rejected candidates, who present themselves at the Training School, will be admitted in the order in which they present themselves, but only up to the number of sanctioned candidates.

7. The lists should include no one who has not been a teacher before or is entering when there is no doubt whether he really intends to take teaching as his profession.

8. In addition to proposed stipendaries, candidates, whose stipends are paid by Local or Municipal Boards, will be admitted for training in the proposed candidates a free stipendary studentship.

9. In the selection of candidates, those, who were awarded stipends last year but were refused admission on account of their not appearing in time, should have first claim for admission.

10. In the case of teachers employed in Board and Municipal schools, clear intimation should be furnished regarding the nature of their appointment held by them (permanent, temporary or by grant or salary, as the case may be) and whether the last before have made sufficient provision in their budgets towards the cost of their training. The applications of such teachers should be signed by the Managers of Local Boards or Chairmen of Municipal Councils, and no other one is permitted stipends will be sanctioned.

11. As regards qualifications for admission only those candidates who have passed the school examination of the III Form of the VIII Standard, and have been listed for promotion to the IV Form, or have been awarded an Elementary School-Teaching Certificate of the VIII Standard, are eligible for higher stipendary class and only those, who have passed the last primary examination as a corresponding grade, or school examination, or those, whose statements in the opinion of the Inspecting Officers are not lower than those available for Lower Elementary Class. Preference will be given to candidates whose educational statements are above those against whom preference will be given to candidates who have no certificates but who are in the opinion of the Inspecting Officers eligible for admission into the lower elementary class, as mentioned above to be held in the 8th by the Deputy Inspectors and the marks obtained at such an examination should be submitted along with the applications.

12. Printed forms of application can be obtained on request from the Deputy Inspectors of Schools.

13. The number of candidates recommended from each range should not exceed eight for each grade.

14. Every student will be on probation for 80 working days.

18. Applications completed in accordance with the above instructions together with the lists referred to in paragraph 4 above should reach the undersigned before the 1st May 1924, after which date no applications will be considered ordinarily.

19. Applications that do not satisfy the above conditions will be ignored.

3. In addition to the pecuniary stipendary students candidates whose stipends are paid by local or municipal boards will be admitted for training. No pecuniary stipend will be granted to teachers who hold permanent appointments in local or municipal schools.

4. The nature of the appointments held by such candidates (permanent, temporary, sub. or temp., or acting as the case may be) should be clearly stated in column 2 of the application. The application of these candidates should invariably be signed by the presidents of local boards or the chairman of the municipal councils concerned.

5. As regards the qualifications for admission only those candidates who have passed the annual examination of the third form or the old seventh standard or the new eighth standard and have been found fit for promotion to the fourth form or have been awarded an elementary school leaving certificate of the old seventh or new eighth standard are eligible for admission into the elementary higher grade and those who have passed the low primary examination or a corresponding public or school examination or whose attainments in the opinion of the inspecting officers are not lower than those are eligible for admission into the lower elementary grade. Candidates who have completed the third form course of a secondary school will be admitted into the higher elementary grade even though they do not pass the examination.

6. Candidates who do not satisfy the condition of age limit under rule 114 of the Madras Education Rules will not be admitted. The age must not be less than 14 and must not exceed 19 years or in the case of candidates who have been employed continuously as a teacher in a recognized school for or less than three years, 19 years.

7. A preliminary examination will be held in the first week of April 1924 for the admission of candidates into the training school in Mathematics, Arithmetic, Geography and general knowledge and only those who obtain the maximum number of marks will be admitted. The exact date of the examination will be intimated to candidates.

8. Applications in the prescribed form signed by an inspecting officer or the president of a local board or the chairman of a municipal council or the principal or manager of a recognized elementary school with a promise of appointment after training should be sent before the close of March 1924, to the undersigned at the undersigned training school. From whom forms may be obtained. Certificate of general education and character should be attached to the application. A certificate of physical fitness will be required only from the selected candidates.

## DEPARTMENT OF AGRICULTURE, MADRAS

## COTTON CROP OF 1923-24—FOURTH REPORT.

(On an average of the five years ending 1915-1917, the area under cotton in the Madras Presidency was approximately 100 per cent of the total area under sown in India.)

The area sown with cotton in the Madras Presidency up to the end of January 1924 is estimated at 1,715,500 acres against the estimate of 1,568,500 at the corresponding date of last year, and 1,869,700 at the final harvest of last year. The last estimate was 2 per cent in excess of the final area of 1,845,500 acres.

2,450,000 acres have been reported as sown since the December forecast, made up mainly of 260,000 acres of Tinnevelly, 14,900 acres of Coimbatore, and 21,500 acres at Salem.

3. The present estimate represents an increase of 11 per cent over last year's actual area. The increase in the 'Coimbatore' tract was due to the favourable season for the late crop following the reduced sowings of other crops in the early season on account of insufficient rainfall. There was increase in the 'Northern and Western' tract owing to the timely rains for the early-season crop. The increase in the South was due to high prices and to irrigated Coimbatore taking the place of paddy in some extent owing to the exceptional rainfall in the south-west monsoon period.

4. The yield in the 'Coimbatore' tract is expected to be above the normal of the weather continues to be bright. The harvesting of the late season crop in the Eastern has begun earlier than usual and yields much below the average are expected, especially in Bellary and Anantapur owing to the failure of the north-west monsoon rains. In Belur and Coimbatore, irrigated Coimbatore has had fairly well but variable sowing is suffering from drought and the yield will be low unless there are rains very soon. The yield in the 'Tinnevelly' tract is expected to be normal if dry weather continues till the first picking of the crop is over.

The annual index for the Presidency works out to 78 per cent of the average as against 91 per cent in the previous year. On this basis, the yield works out to 470,500 bales of 400 lb. of lint against 570,500 bales in the previous year, an increase of about 18 per cent. As compared with the average, viz., 428,500 bales, there is a decrease amounting to about 5 per cent. It is, however, too early to estimate the yield with accuracy as the harvest has not yet commenced in the major portion of the area and much will depend upon the subsequent weather conditions.

5. The estimated area and yield under the several varieties are given below. Adequate data on which this distribution can be accurately based are not however available yet.

Variety.	Area in acres.	Yield (bales of 400 lb. lint).
Improved Coimbatore .. .. .	117,000	120,000
Dry Coimbatore .. .. .	144,000	20,000
Total Coimbatore .. .. .	261,000	140,000
Tinnevelly including Karungudi .. .. .	222,000	124,000
Belur (Tinnevelly) .. .. .	117,000	22,000
Northern and Western .. .. .	8,511,000	21,000
Coimbatore .. .. .	222,000	45,000
Others .. .. .	21,000	2,000

6. The table below gives the final information concerning the crop of 1923-24—

(Figures in bales of 400 lb. lint.)

Variety.	Planted in acres (figures in acres converted to bales).	Yield estimated.	
		In April 1924.	In the present crop period of 1923-24.
		Actual.	Normal.
Tinnevelly .. .. .	331,000	141,000	140,000
Belur .. .. .	117,000	22,000	22,000
Coimbatore .. .. .	261,000	140,000	140,000
Total South .. .. .	710,000	303,000	302,000
Northern and Western (Belur) .. .. .	222,000	100,000	21,000
Coimbatore and others .. .. .	21,000	20,000	21,000
Grand total .. .. .	1,000,000	423,000	423,000

The figures in column (2) include—

(1) about 12,000 bales representing the balance of the 1921-22 crop and

(2) more than 1,400 bales expected from the Strain's Department for the 'Meridiana and Western' and 'Coimbatore' strains.

Lint consumption is estimated at about 20,000 bales and should be added to the figures in column (2). Allowance for these factors as to which there is no definite information at present, the yield forecasted in April 1923 did not differ materially from the truth except in the case of 'Tinnevelly' where the second picking in July-August 1924 was smaller than expected on account of the long spell of drought prevailing after April.

7. Detailed figures by division and varieties are given in the enclosed statement.

## GROWING CROP OF INDIA—RECORD OR FINAL REPORT.

(On an average of the five years ending 1921-22, the area under groundnut in the Madras Presidency has represented some 55.6 per cent of the total area under groundnut in British India).

The area sown with groundnut in the Madras Presidency in 1933-34 is estimated at 1,400,000 acres against the estimate of 1,351,160 on the corresponding date of last year. The last estimate fell below the finally recorded area of 1,394,334 acres by only 6.8 per cent.

The area under groundnut now exceeds that of last year by about 6 per cent though a smaller area was reported in the last forecast. This is due to the fact that average yields had been delayed by the failure of the early rains proceeded briskly after the September rains, especially in the districts of Cuddalore, South Arcot, North Arcot, and Tanjore. A larger area was sown under groundnut than in the last year in Gingee, Karaikal, Bellary, Anantapur, Chittoor, and Salem. The increase in Salem was due to high prices and that in the other districts to the Government's early rains. The marked reduction in the Arcot, Tanjore, and Madurai was due to want of sowing rains till September.

The crop has been harvested except in the South. Yields are below the average except in Kistna, Guntur, and Chingleput. The crops in Guntur and Vengalpet had been affected adversely by the drought in July and August and the yield was further reduced by the epidemic in November. In Kistna and Guntur, the well distributed rainfall between September and November reversed the crop after the earlier drought and some 500 lbs. of seed in shell per acre was obtained in several cases. The crop in the Arcot and the Central districts was affected by drought in both the successive periods and low yields were obtained, especially in Anantapur and the eastern half of Bellary. The yield was up to the average in Chingleput, but low in South Arcot owing to the unfavourable season.

The crop in the South has been benefited by the rains in December—January and is better than in other districts though less than the normal yield is expected.

The seasonal factor for the Presidency works out to 18 per cent of the average against 23 per cent in the last year. On this basis the yield is estimated at \$75,000 tons against \$12,702 in the previous year a decrease of 18 per cent.

Figures by districts are given in the annexed statement.

## PADDY CROP OF 1923-24—BASED ON FINAL REPORT.

(On an average of the five years ending 1921-22, the area under paddy in the Madras Presidency has represented about 6 per cent of the total area under paddy in British India.)

The area sown with paddy in the Madras Presidency in 1923-24 is estimated at 32,854,000 acres against the last year's estimate of 33,838,000 acres. This estimate was about 4 per cent below the finally recorded area of 35,198,000 acres. This year's estimate is 6 per cent below last year's estimate and 7 per cent below the average area of 35,458,000 acres.

5. 1,369,000 acres have been reported as sown since the December forecast, mainly in Coimbatore, Tinnevely, the Coimbatore, Coimbatore, North Arcot, Tinnevely, and the South.

6. The decrease in area in the current year is general except in the Coimbatore and Kodaikanal where the water-supply was abundant though it was reduced last. The decrease in Coimbatore and Tinnevely was due to the comparative failure of the South-West monsoon and would have been greater but for the good supply in areas which enabled an unusually large area being sown under second crop. In Arcot, Salem, Coimbatore, the Coimbatore, and Madras, the monsoon was considerably less than in the previous year.

7. The crop in Coimbatore was above normal owing to the satisfactory rains in September and the sowing is of the North-East monsoon in time. The yield is expected to be good in the Vengaloor valley except in places affected by floods. First crop paddy on the West Coast gave bumper yields but the yield of the second crop will be poor as it has been affected by drought since December. The sowing has been favorable in the main delta and river valleys and yields have been up to the average. In Coimbatore and Tinnevely, the crop was affected by drought in the beginning and by the cyclone in November. In the Coimbatore, North Arcot, Coimbatore, North Arcot, and Salem, the yield has been greatly reduced owing to the insufficient rainfall during the growing period of the crop.

The average factor for the Presidency works out at 50 per cent against 51 per cent in the previous year. On this basis, the yield works out at 24,242,000 cwt of dressed rice as compared with 20,618,000 cwt estimated for the previous year, a decrease of 10 per cent. The present estimate is also less than the average estimated yield of 20,822,000 cwt. by 15 per cent.

8. Figures by districts are given in the annexed statement.

## ELECTION PETITION No. 9 of 1924.

To His Excellency the Viceroy and Governor-General of India

In the matter of the election of M. B. K. S. Bhat, Bengal, s. a., s. n., to the Legislative Assembly by the constituents of the Uttar Coast and Nilgiris (Nao-Mahamudabad, South).

Kumar, Ramakrishna and Karthikeyan, Magesh Nagesh, 1999, *Ind*

Kavalerova, Ekaterina

M. H. By K. S. Hish Avangel, n.a., e.d., Valde, Kertel, South Kansas

[illegible]

The petitioners beg to prefer this election petition to His Excellency the Governor and Members-General of India under Rule 12 of the Legislative Assembly Electoral Rules against the election of the respondent to the Legislative Assembly.

The address for service of all notices and processes for the petitioner is that of Mr. Vakil, M.R.Sy. No. 26, Lal Bahadur, A. Y. Gurjara Khera, Ahmedabad, a.s., Government Pleader and Public Prosecutor, Ahmedabad.

1. Your Excellency's petition was one of the petitions submitted for election to the West Coast and Nijera Constituency (Ran-Makmandan, Nam) of the Legislative Assembly at the recent elections held on 31 October 1985. As the occasion of visit, which took place on the 10th of November, the respondent was declared Jui-aband. The petitioner represented the local constituency in the Assembly for the previous term of about three years. He also represented the Juiaband constituency of Malabar and South Kanya in the Madras Legislative Council prior to that for about 5 years. He has had the membership of Malabar and South Kanya in the past.

2. Your petitioner is informed and fully believes that the respondent published and caused to be published over his signature manifestos in English and Korean concerning your petitioner and that he had the same published in newspapers of South Korea, such as 'The Mangosun Mail'.

[illegible]

4. The statements contained in the above publications concerning Penn Patterson are false, and are clearly and easily shown to be such by a reference to the official proceedings of the Legislature Assembly and the petitioner claims that the respondent was prompted also by malice and bad faith towards the petitioner.

4. By reason of the dissemination of the above false and fraudulent statements concerning the petitioners, viz by the respondents, there was a freedom of action among the voters. The respondents published the above false statements regarding important matters necessarily connected with the election of the public in general, and the respondents are prevented with the intent to bring the public on to public blood and riotous and to abuse the petitioner's status in the Assembly and to secure the return of the respondent to the said Assembly.

8. The respondent's conduct in making false statements concerning the petitioner with reference to the 'Ball tax' and the 'Provincial impost' is entirely mala fide and dishonest. There is absolutely no basis for making such statements against the petitioner and a reference to the proceedings of the Legislature strongly would have made it clear that the said statements were a wilfully false and a gross misstatement of the truth. The petitioner did not vote in the enhancement of the Ball tax. The promoter joined in the struggle against the present 'Provincial impost'. The respondent made the statements knowing them to be false.

2. The petitioner requests that the respondent be thus guilty of corrupt practices specified in Schedule I, Part I, No. 4, among others of the Electoral Rules, and the said charges should be immediately deemed to be void.

**TENDERS FOR SUPPLY OF ARTICLES OF DIET AND OTHER HOSPITAL REQUIREMENTS FOR THE GOVERNMENT SAYAPURAM HOSPITAL, MADRAS.**

NOTICE is hereby given that sealed tenders for supplies will be received up to 12 o'clock (noon) on Monday, the 2nd March 1934, by the Superintendant, Government Sayapuran Hospital, for the supply of the following articles:—

*Dist. payable.*—Cereals of periodic articles of daily supply (supply to commence from 1st April 1934 to 31st March 1935). An order for each day's requirement will be given to the contractor. Payment will be made on monthly bills.

*Dist. payable, non-dist. articles, and non-dist. payable, surgical dressings, surgical stores and bedding and clothing.*—Consist of articles to be imported for in quantities as required. Payment will be made on monthly bills. Supplies to commence from 1st April 1934 to 31st March 1935.

5. The articles required are detailed in the classified schedule annexed and information as to supplies, etc., may be had on request at the Hospital.

6. A separate tender must be sent in for each article.

7. Tenders will be opened by the Superintendant at the Government Sayapuran Hospital at the appointed time in the presence of those interested who may choose to attend.

8. Tenders to be accompanied in the manner described in paragraph 1 and on the reverse the words "Tender for Hospital Supplies" written. Each tender must contain not only the price but the total value of each item of supply entered by a separate column, the time in which each will be made up showing the aggregate value of each entire tender.

9. Each tender must be accompanied by a deposit (in Government promissory notes or bank receipts) or cash of money of the amount named against each article. When several articles are tendered for, one bank receipt for the total amount of various money will be received. In default of each deposit the tender will be rejected, nor will any tender be returned after the time fixed for the opening of tenders. No cash will be returned. The deposit will be returned to successful tenders immediately and to the others as soon as they have lodged the security mentioned in paragraph 9.

10. No person making a tender shall be allowed to withdraw his tender for the space of thirty days from the date thereof, and, in the event of his so doing his deposit shall be forfeited to Government.

11. The successful tenderer must, within three days from date of receiving intimation that his tender has been accepted, lodge security, viz., 10 per cent on the total value of the contract, being which his deposit will be forfeited to Government. He should also pay the value of the proper stamp duty as the contract.

12. No advance of cash will be made to the contractor. Bills on presentation will be passed by the Deputy Assistant-Commissioner for payment at the Madras Bank after delivery of the article.

13. A fine not exceeding 10 per cent of deposit money, will be levied for any infringement of the stipulations of the bond, and if frequently repeated, the contract will be cancelled and the security forfeited to Government.

14. The contract must not be sublet. The contractor's security will be returned to him immediately on completion of his contract.

15. The Superintendant reserves to himself the right to decline or accept the tender for any one or more of the articles tendered for by the successful tenderer without engaging any reason for so doing. The Superintendant also reserves to himself the right of rejecting tenders without engaging any reason for so doing.

16. Government promissory notes lodged as cash or money deposit for a period of twelve months or less shall not be returned to the Superintendant but shall remain in the name of the contractor. Government will appropriate or cancel the notes as per G.O. No. 1253, dated 1st March 1930, applicable to this effect being duly entered in the contract or other document attached by the contractor.

17. With reference to the stipulations contained in the preceding paragraph 13, the tenderer should attach a certificate in his schedule or schedule in the following effect:—

"I, the tenderer, agree to have the correct money of the Government promissory notes or bank receipts deposited in Government in case of my failure to comply with the contract."

18. Samples of dist., non-dist. articles, surgical dressings and bedding and clothing only shall be sent along with tender; when samples are not required unless called for. When called for they must be sent in within two days. If approved and tender accepted the samples received will be treated as part of the supply. If rejected, the samples will be returned. Tenders are distinctly understood that, if the tender is accepted, the balance of the articles or articles required must in every way be equal to the approved sample. The officer of the Superintendant will be held as the point.

19. The manner or quantity entered in this form of tender is the maximum quantity which the Superintendant undertakes to require to be supplied, but the contractor will be under an obligation to supply such larger number of increased quantity as the Superintendant may require him to supply.

**TENDERS FOR SUPPLY OF ARTICLES OF DIFT AND OTHER INDUSTRIAL REQUIREMENTS FOR THE GOVERNMENT LEPROSY HOSPITAL, MADRAS.**

Notice is hereby given that sealed tenders will be received up to 11 a.m. on Wednesday, the 1st March 1924, by the Superintendent, Government Leprosy Hospital, at No. 85, Poyyannagall Street, Madras, for the supply of articles as per annexed schedule, viz.—  
Schedule A consisting of articles which must be supplied as required from 1st April 1924 to 30th September 1924 within seven days from date of order. Payments will be made in full after 30th September 1924 on condition of probable articles of duff, viz., which will be intended for monthly or daily quantities as required. The supplies are to continue for six months from 1st April 1924 to 30th September 1924, or until the date of removal of the hospital to Chingleput and elsewhere in order and payments for the same will be made on monthly bills. Samples of all articles may be seen at the hospital between 7 and 10 a.m.

2. The rate of each article with the description given in this notice must be separately quoted in the tender and the total value of each item of supply entered in a separate column, the items in which want to be worked up showing the aggregate value of each entire tender.

3. If the successful tenderer for any articles specified in Schedule A shall fail to deliver the same within seven days from the date of the order, his contract money will be forfeited to Government.

4. Tenders which shall be in duplicate, must be accompanied with samples of each article tendered for, those of the kind of least cost, and those of the best whole goods. Each tender must be accompanied by an original Book of Deposit receipt or Government promissory note equal to 10 per cent of the total value of the tender, and in default of such deposit the tender will be rejected. The deposit will be accepted after the appointed hour and date. No work will be required. The deposit will be returned to the successful tenderer.

5. No person making a tender shall be allowed to visit the tender by the space of thirty days from the date thereof and in the event of his so doing his deposit shall be forfeited to Government.

6. The successful tenderer or tenders for probable articles, hereafter termed the "contractor," will be required to execute a bond for the due fulfillment of the contract, and to pay the stamp duty thereon. The contractor shall be required to keep ready the articles of daily supply, which must be fresh and of good quality, at 7-50 p.m. for inspection by the Superintendent or any other authorized by him. No advance of cash will be made to contractor.

7. A fine not exceeding 10 per cent of the deposit money will be levied for any infringement of the stipulations of the bond, and, if frequently repeated, the contract will be annulled, and the security forfeited to Government.

8. The account report will be placed in the Fort Office Savings Bank and will be returned to the contractor, together with any amount that shall have accrued thereon, after the completion of his contract.

9. The contract must not be altered without the express sanction in writing of the Superintendent.

10. The Superintendent reserves to himself the right to reject any tender or to decline to accept the tender for any one or more of the articles tendered for by the tenderer without assigning any reason for so doing.

11. Such references in the stipulations contained in the preceding paragraphs the tenderer should attach a certificate to his tender to the following effect:—

I, the undersigned, agree to have the contract money forfeited to Government in case of my failure to sub-verify the tender. I further undertake to supply a quantity of any article equal to 10 per cent in value of that specified in my tender, and at the same rate, should I be required to do so by the Superintendent.

Accepting bidders are requested to be punctual. They should deposit for rise Rs. 500, shall Rs. 50, plus 10% each Rs. 50 and for the rest of the articles Rs. 50 as earnest money, which in the case of unsuccessful bidders, will be returned immediately after the auction is over. In the case of suppliers, who may not be able to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be represented "Tender for the supply of ration and maintenance articles to the Royal Institution, Tanjore". They will be opened on the date of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and pence per unit as in figures. Samples of the articles required may be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule or depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

Successful bidders or tenders will be required to enter into stamped agreements with the Institution within seven days from the date of receipt of notification by them. On the rates have been accepted. In addition, they should before signing such agreements, deposit a security of 10 per cent of the total value of the supplies tendered. (With the approval of the Superintendent of Tanjore, the total amount may be reduced, in the case of approved contractors). Failing compliance within the time specified, the earnest money may be forfeited, and at the event of withdrawal they will also be liable to pay any difference between the price accepted and those ultimately obtained by the Institution. The earnest money received from successful bidders or tenders will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contractors should not be liable.

5. All rates accepted and contracts entered into will be subject to confirmation by the Inspector General of Tanjore, Oudumbar, where drawing shall also be filed in all questions of abatement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus or minus as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that supplies shall not be given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or amounts noted in the schedule if they are not required.

7. No article is to be supplied to the Institution except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "by order".

8. No advance of cash will on any account be made to the contractors when giving orders, even will the Institution pay freight or other charges on merchandise. In the otherwise deducted from bills, but payment for articles delivered at the Institution on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole or in part, to which and across bearing part of the sum due on each bill will be deducted, when they execute a provision equivalent to half rupee or more, when they will be treated as a whole rupee for the purpose of the account.

9. During the prevalence of plague in the vicinity of the Institution or in that of the area from which supplies are drawn, all goods, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposure of articles to be necessary.

10. Contractors are required under a penalty not exceeding Rs. 25 to invariably send with each supply, a memo or address note, duly signed, showing the name of quantity tendered for acceptance. Also to sign and deliver within a week of payment by cheque, cash order, or otherwise tendering receipt, all completed bills forwarded by the Superintendent for the purpose. Questions in connection with any proposed short payment may be referred to the Superintendent, separately, but are not to be made an excuse for delay or refusal to pay.

11. In addition to any difference in price that may be reasonable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. TENDERS FOR IMPROVING AND EXTENDING THE SOUTH CHANNEL,  
DREDGING SYSTEM.

Restap tension will be resolved by the undersigned at his office up to 8 p.m. on 1st March 1924, for 'Improving and extending the South coast line: 12 miles 11/4 miles to 14 miles 45 miles (on the road). (D) Pumping system.' Area out of revenue Rs. 1,000.

2. Teachers should be addressed to the Executive Engineer, Irrigation Central Division, and should be supervised. <sup>1</sup>Reader for supplying and extending the fourth channel, lift Pumping system.

3. Each tender should be accompanied by an exact sum of the 100 baht or currency notes which will be returned to the tenderer whose tender is not accepted.

4. The Krasnodar Engineers, Krasnodar Central Airlines, will reserve to himself the right of rejecting all or any of the tenders without assigning any reasons for so doing.

8. In order for the acceptance of the notice to act as a statement of liability, it will be required to deposit a further sum of the £50 which, with the money previously received, will be held as security for the full payment of the contract. This will be deposited in the Postal Savings Bank in the name of the business and obtained at the following addresses: Western Central Stations, for the above companies.

8. The successful tenderer will also be required to sign an agreement in the proper departmental form for the due fulfillment of the contract.

7. Failure to comply with conditions 3 and 4 above will result forfeiture of the earned money.

9. The results of the experiment are given in the table below.

3. The work shall be the best of its kind and quality as per specification attached and shall be executed as per plans E.C. No. 117-B to J/1917-18.

deep cuttings with a back shovel, the back must be sloped back to a slope of 8 ft. to 1 in. to such depth as will obviate the possibility of an accident from falling earth. Boulding will be done as the layers are laid down; being kept 1' 6" below the top of the masonry with the work in progress in order to avoid disturbing the top surface while boulding. It is most important that the boulding should be very thoroughly done. The materials to be stacked within a distance equal to 1½ times the depth of cutting for foundations.

7. *Concrete*.—Will as a rule consist of stone broken to pass through a 2" ring in the proportion of 4 barrels to 1 barrel. The mortar to be made in the proportion of 1 part in 3 of sand and when set will stand 1 lb. in 14 in. 4 in. 4 in. These proportions may be modified by special orders from the Executive Engineer. The broken stone is to be well sorted before being mixed with the mortar; mortar is to be first made and be mixed with the proper proportion of stone. The concrete is to be deposited by buckets or the concrete is to be laid in layers and rammed hard with wooden rammers. The work should be continuously done so that the lower layers may not set hard before the upper layers are put in. If, for any reason, a layer has set hard the surface should be well mixed with a pick and the surface removed before another layer is put in. When a layer of concrete has been once poured and has begun to set it should on no account be removed again. All concrete deposited on any surface should be rammed the same evening.

8. *First stone in mortar*.—No boulders to be used, and all stones to be broken with flint. Every fourth stone to be a through stone for walls 2' 6" and higher. For walls of greater thickness than 2' 6" every fourth stone to be of least 2' 6" long. Every stone must be laid so that its vertical depth does not exceed its length or its breadth. All surfaces to be fitted with quarry slips tightly packed in mortar. The mortar to consist of the proportions laid down for concrete, all stones to be well worked before being used.

9. *Second stone in mortar*.—The stones will be obtained roughly squared, all irregular shaped stones to be rejected. The work will be kept in courses, the thicker courses to be towards the bottom of the wall. Every third course must be brought up to level throughout. In other respects the specification for rough stone in mortar is to be observed.

10. *Stone*.—Must be freshly quarried and selected. It must be carefully examined and stored in dry shade.

11. *Gravel*.—Should be prepared from water-burst debris of a clayey rather than a sandy nature. It should be screened as finely as possible and kept very dry.

12. *Bed* should be clean and sharp edged; there is no objection to its being covered superficially for months.

13. *Mortar*.—Should be ground in a mill worked by hand; for ordinary mortar from 64 to 40 revolutions will suffice and for mortar mortar from 80 to 100 revolutions should be insisted on. Such mortar should not be kept longer than the day following that in which it was made. All measuring longer than that time should be rejected.

14. *Pointing*.—Should follow the surface of the stone, and mortar should not be plastered over the face which should be kept as even as possible when boulding. Pointing and all fresh masonry work must be finished for 10 days after completion of the masonry work.

15. *Old stone*.—Covering stone to have the old joints and ends meeting in the masonry desired. Flatness, coping, and guide stones and all outcrops other than masonry stones to be evenly dressed to suit.

16. *Wood work*.—The rate for wood work includes baulking and iron work complete. All wood work to have two coats of tar. Nettle shingles to have iron straps 1½" wide and 1½" thick with outer edge flush with face and side of the wood. The strap will be fixed 1½" below the top of the shingle and will be securely riveted on. A ½" 1½" diameter line with one will be bored just above platform level to facilitate working the shingles. The ends of wood work to be dressed so that the shingles fit close.

17. *Quarry rule work*.—The baulking selected for stone work shall be first class hewn timbers of about 4" thick without excessive hollow (½") and is stiff. The pile shall be driven 2' deep each end and less than 2' into soil. They shall be driven 2' apart along the length of the channel and in two rows 2' apart. They shall be fixed in position by set lines then one length of rail waling piece for every 2' of height over the channel bed or rock core. The space between shall be filled with baulks or other break wood laid in baulks and closely packed down and when the full depth has been so filled it shall be kept in place by cross walings between the two rows of stakes. All walings shall be nailed on to the verticals with wire nails and have in length three times the diameter of the pile and no ropes or straps shall be used.

18. *Clearing up site and general remarks*.—All surplus material and debris to be removed from the site and the site thoroughly cleared by the contractor before the final bill is passed. If any additional work is required to thoroughly complete the work, the contractor on design must supply for completion in every way, making the pile-hole and and whether it can be and form satisfactory or not. Any other work not mentioned in the specification is to be done according to the standard specifications of the Public Works Department. Contractors or quarrymen taking to comply with these will be liable to fine, to cancellation of their agreement and to forfeiture of deposit.

It is the contractor's duty to ask for and see that he gets proper bench marks and levels and all other instruments necessary for carrying out the work in accordance with these specifications.

The contractor must also see that he observes orders in writing. No attention will be paid to oral orders and any work which the contractor may do without written orders will be at his own cost. All letters and materials required for taking levels, setting up level poles or for any other purpose connected with writing and work must be supplied by the contractor at his own cost.

**TENDERS FOR SUPPLY OF ARTICLES OF DIET AND OTHER HOSPITAL REQUIREMENTS FOR THE STATE HOSPITALS IN MADAGASCAR.**

Notice is hereby given that sealed tenders for supplies for the supply of diet articles and other hospital requirements to the State Hospitals in Madagascar are invited in the schedule for the period from 1st April 1924 to 31st March 1925 will be received by the Principal Assistant to the Surgeon-General with the Government of Madagascar at No. 81, Mount Road, Madras, up to 11 o'clock (noon) on Thursday 6th March 1924.

1. Information as to samples, etc., may be had on personal application at this office.
2. A separate tender must be sent in for each group of articles.
3. Tenders will be opened by the Principal Assistant to the Surgeon-General at the appointed time in the presence of those interested who may choose to attend.
4. Each tender must specify not only the rates, but also the total value of each item of supply entered to a separate column, the sums in which must be totalled up showing the aggregate value of each of the tenders.
5. Each tender must be accompanied by a deposit (in Government promissory-notes or bank receipts) as earnest money of the amount noted against each article or group of articles. When several articles are tendered for, one bank receipt for the total amount of earnest money will be accepted. In default of such deposit the tender will be rejected, and will only tender be accepted after the time fixed for the opening of tenders. No cash will be accepted. This deposit will be returned to successful tenders immediately and to the others as soon as they have lodged the security mentioned in paragraph 5 infra.
6. No person making a tender shall be allowed to withdraw his tender, for the space of thirty days from the date thereof and in the event of his so doing, his deposit shall be forfeited to Government.
7. The successful tenders must, within three days from date of receiving intimation that his tender has been accepted, execute a bond for the due fulfilment of the contract and lodge security, viz., 10 per cent on the total value of the articles, tender which has deposit will be tendered to Government. The contractor's security if not tendered will be returned to him immediately on completion of his contract.
8. No advance of cash will be made to the contractor.
9. Payment will be made after delivery on weekly bills by the Superintendents of the respective hospitals.
10. A fine not exceeding 10 per cent of deposit money will be levied by the Superintendents of the respective hospitals for any infringement of the conditions at the least on the first offence and if frequently repeated the contract will be annulled and the security tendered to Government by the Surgeon-General on the report of the Superintendents of the respective hospitals.
11. The contract must not be subject without the sanction of the Surgeon-General.
12. The Surgeon-General reserves to himself the right to decline or accept the tender for any one or more of the articles tendered for by the contractor without assigning any reason for so doing.
13. The Surgeon-General also reserves to himself the right of rejecting tenders without assigning any reason for so doing.
14. The successful contractor will be required to pay the rates of the proper stamp duty on the contract.
15. Government promissory-notes lodged as earnest money or security deposit from period of twelve months or less shall not be tendered over to the Surgeon-General but shall remain in the name of the depositors. Government will appropriate or accept the notes as per G.O. No. 1263, dated 31st March 1920, Ministry, otherwise so that after being duly entered in the contract or other documents connected by the depositors.
16. With reference to the stipulations contained in the preceding paragraph No. 16, the tenderer should attach a certificate to his schedule or schedule to the following effect:—  
"I, the tenderer, agree to have the earnest money, if Government promissory-notes or bank receipts, delivered to Government in case of my failure to undertake the contract."
17. No article shall be supplied to the hospitals except on authority signed by the Superintendents or by some responsible person authorized by him in writing to do so.
18. Samples are not required unless called for. When called for they must be sent in within two days. Samples will be received in sealed tins only. If approved and tender accepted the samples received will be counted as part of the supply. If rejected the samples will be paid for at the tender price. Samples of the several tenders will be made and lodged in the several hospitals in the city. The contractor is distinctly understood that, if the tender be accepted the balance of the article or articles required must be in every way fitted to the approved sample. The copies of the Superintendents will be sent on this point.
19. The number or quantity entered in the schedule is the probable number or quantity which the Superintendents authorize to be supplied and may be more or less according to actual requirements. The Superintendents do not bind themselves to receive the full quantity or number noted in the schedule. But the contractor will be under an obligation to supply such larger number, or a larger quantity as the Superintendents may require from time to time. The Government Leprosy Hospital contracts will come under the intimation is transferred to Chingleput.
20. The system of sending off business of a paper to the nearest paper mentioned in G.O. No. 1263, Finance, dated 31st August 1921, will be adopted in all contracts made.
21. The contract rate should include charge for delivery of the articles at the several hospitals.

Mr. E. Kay.

Mr. & M. Madhavan.

Mr. J. M. Smith.

484. Read, approved and forwarded the minutes of the proceedings of the ordinary meeting held on Friday, the 11th January 1924.

485. Read, approved and forwarded the minutes of the proceedings of the Special Budget meeting held on Friday, the 18th January 1924.

486. Read and recorded (C.O. Min. No. 4, Finance (Marine), dated the 29th January 1924, forwarding the petition in the Port St. George Harbour of a petition to the effect that Mr. T. M. Rao of Madras Port & Co. Ltd. has been elected by the Chamber of Commerce, Madras, as a Trustee of the Port of Madras and Mr. E. O. M. Graham, resigned, vide Resolution No. 241, dated the 7th December 1923.

487. The Chairman stated that there was a vacancy on the Committee, appointed by the Board in their Resolution No. 28, dated the 28th May 1923, to consider the question of the financial resources of the Trust generally, owing to the resignation of Mr. Dayal, one of the members of the Committee, at his death on the 28th.

It was noted that Mr. C. H. Watkins, B.A., C.I.E., be appointed a member of the Committee in the place of Mr. Dayal.

488. The Chairman having withdrawn from the meeting, the Trustees voted Mr. T. M. Rao to the effect and proposed to elect him the Chairman's note asking whether, in the event of their wishing him to continue as their Chairman for a further term, they would allow him to supply to Government for the grant of a monthly loan on loan from about the middle of May 1924.

It was resolved that the application for loan be made to Government subject to a decision being arrived at by the Trustees at a future meeting in the matter of satisfactory arrangements during the Chairman's absence on leave.

The Chairman then resumed the chair.

489. Read a note by the Chairman, recommending for the consideration of the Board the draft before, for regulating the incorporation and alignment of pipes and liquids in cylinders under pressure, which was discussed by the Board at their meeting of the 11th December 1923, together with a letter from the Chief Inspector of Explosives in Madras on the subject, to whom the laymen were referred for further enquiry in the light of various suggestions offered by Trustees at the aforementioned meeting.

Resolved that the draft by-laws be approved and that, subject to their approval by Government, under section 24 of the Act, they be introduced with effect from 1st August 1924.

490. Read notes by the Deputy Chief Engineer and the Chairman submitting an estimate amounting to Rs. 1,110 for the substitution of an electric pump for the old steam pump and for fitting the high level water tank in the east of Seringapatam Barr.

Resolved that the estimate be approved under section 23 of the Madras Port Trust Act and that sanction of Government be obtained to the debit of the expenditure to capital as required by section 75 of the Act.

491. Read notes by the Deputy Chief Engineer and the Chairman submitting an estimate amounting to Rs. 2,436 for the construction of a new steam shed for the General Purpose in Bay of the shed already used by him which had been damaged in connection with the extension of the Railway.

Resolved that the estimate be approved under section 24 of the Madras Port Trust Act and that sanction of Government be obtained to the debit of the expenditure to capital as required by section 75 of the Act.

492. Read again Resolution No. 247, dated the 26th December 1923, and Government Order thereon No. 18, 18, Finance (Marine), dated the 22nd December 1923, authorising the debt to capital of an estimated expenditure amounting to Rs. 2,436 for the extension of the Bay of the Trust's wharves.

Resolved that the Deputy Chief Engineer submit the accounts of the work done and also the accounts with the actual expenditure and giving consent for the same.

Resolved that the estimate be approved under section 24 of the Madras Port Trust Act and that sanction of Government be obtained to the debit of the expenditure to capital as required by section 75 of the Madras Port Trust Act.

483. Read again Resolution No. 518, dated the 21st March 1935, and Government Order (Revenue) No. 514, Mysore (Honnai), dated the 18th April 1935, sanctioning an advance amounting to Rs. 1,40,000, defensible to capital, for the purchase of two 3-ton electric portal cranes. Read also Resolution No. 505, dated the 31st August 1935 and Government Order (Revenue) No. 411, Mysore (Honnai), dated the 18th September 1935, sanctioning an advance amounting to Rs. 8,48,000, defensible to capital, for equipping No. 3 berth of the West Quay with four 3-ton electric portal cranes.

Read a note by the Chairman, submitting an analysis of the tenders received for the supply of the six cranes and recommending the acceptance of Messrs. Sir W. G. Armstrong, Whitworth & Co.'s tender of £12,468, C.A.F., Madras, subject to their supplying cranes manufactured by Messrs. Compagnie L&F.

Resolved that sanction of Government be obtained to the acceptance of Messrs. Sir W. G. Armstrong, Whitworth & Co.'s tender subject to the conditions framed by the Chairman.

484. Read a note by the Chairman, submitting for approval a draft agreement, forwarded by the Imperial Bank of India, Madras, governing the payment by the Bank's London Office, on the Trust's behalf, of interest to debenture holders of the Trust's 14 per cent floating loan of 1921 for a continuation of one-fourth per cent of the value of interest paid.

Resolved that the draft agreement be approved.

485. Read a note by the Chairman submitting a copy of the proceedings of the Conference held at Calcutta in October 1935 of the Indian Railway Conference Association and stating that Board's sanction is required to those Resolutions of the Conference, which are placed on filing under Presidential Rule 5 of the Constitutional Rules of the Association.

Resolved that the Resolutions in question be accepted.

486. Read again Resolution No. 787, dated the 31st September 1932, and Government Order (Revenue) No. 475, Mysore (Honnai), dated the 1st October 1932, sanctioning an advance amounting to Rs. 17,250 for providing the workshops with a heavy table and screwing machines.

Read a note by the Chairman stating that, in anticipation of the sanction of the Board, he had authorized the purchase of a heavy table from Messrs. Alfred Herbert (India) Ltd., Madras, at a cost of Rs. 15,550, delivery to be made in the Trust's premises.

Resolved to sanction the Chairman's action.

487. Read again Resolution No. 89, dated the 26th June 1933, on the subject of the allotment of a 30-acre watered section of one of the Trust's transit sheds for the specific purpose of parking spaces on monthly trains to remove all intended repairs that had to find a space in any of the Trust's regular workshops specifically allotted for such purpose. Read also Resolutions ending with Resolutions No. 410, dated the 21st November 1932, on the subject of the temporary installation of 20,000 square feet of space in transit sheds 1 and 2 for lease on rental terms to carpenters.

Read a note by the Acting Traffic Manager, supported by the Chairman, recommending, for reasons given, that the Southern Department of transit shed No. 1 be leased for a period of one year from the February 1934 to Messrs. C. K. Sarapane Appa & Sons.

Resolved to approve of the recommendation.

488. Read a note by the Chairman recommending the payment to Mr. V. Shanmugasetti Chetti, late a clerk in the Accounts Department, who retired from the Trust's service on the 1st December 1933 on account of certified physical infirmity for further work, of a gratuity of Rs. 644 being at the rate of half a month's pay for each year of his twenty-one completed years of service.

Resolved to sanction the payment of the gratuity.

489. Read a note by the Chairman recommending the payment to the family of Mr. A. Chennappa Chetti, late Works Superintendent, who died on the 18th October 1935 while in the service of the Trust, of a gratuity of Rs. 310-8-0 being at the rate of half a month's pay for each of the twenty-eight years of service of the deceased workman.

Resolved to approve of the recommendation.

490. Read a note by the Chairman recommending the payment to the widow of Mr. Mahomed Feroz Ali Khan, late gate clerk, who died on the 7th July 1935 while in the service of the Trust, of a gratuity of Rs. 1,258, being at the rate of half a month's pay for each of the twenty-eight completed years of service of the deceased gate clerk.

Resolved to approve of the recommendation.

491. Recorded that, Commander C. E. Campbell, R.N., R.A.F., R.C.N., having been charged of the office of Deputy Port Commissioner, Madras, to Commander M. M. Paddy, R.N., on the afternoon of the 21st January 1936, in order to avoid disturbance of the monthly workmen leave granted to him under Resolution No. 428, dated the 21st November 1935.

492. Resolved that, during the 24 hours from midnight to midnight on the 18th January 1936, the Trust took over the command of the Madras Sailing Club has the per order Resolution No. 189, dated the 16th October 1935.

493. Resolved, subject to sanction of Government which is necessary under section 41 (3) of the Madras Port Trust Act, to approve of the Trust's Traffic Manager's recommendation for remission of dues, in full, amounting to Rs. 500-0-0.

494. Read and recorded a statement, dated the 18th January 1936, submitted by the Chairman showing the description of articles of stores and materials purchased by him during November and December 1935, of which each item of article costed Rs. 2,500 or more.

495. Read and recorded, with reference to Resolution No. 586, dated the 4th November 1931, a statement, dated the 26th January 1936, submitted by the Trust's Civil Engineer, showing the amount of leave granted during December 1935 to certain members of the authority paid leave establishments in cases of the leave actually granted to that establishment.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The column of the Barometer is twenty-two feet above the level of St. Ann's, and the column of the rain-gauge is two feet above ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st to 24th March, the average day for the same period being 7.14 inches.

## SETBACK

Water supply declined under the Yellow sand and the Sinking southern glaciers. Temperature fell. During the winter of 1892-93 there occurred a great snow storm; and on the date of our arrival the snow on average lay from 10 to 15 inches. By 1900 the snow began to melt, but it did not melt until the advance of June and partly by melting on parts of the lake's S. shore, but it did not melt until late August on the whole of S. shore and Kiangsu waters of the sea. It was not until the middle of September that the ice melted, but it was not until the middle of October that the ice melted. It was not until the middle of October that the ice melted, but it was not until the middle of October that the ice melted.

## CHIMLSP77

Water supply generally unaffected except in the valleys of Ma'arwan and Chagaput. Soil water supply is fairly good in the Ma'arwan valley. In the Chagaput valley, the water supply is fairly good in the lower part of the valley, but is very poor in the upper part. In the Ma'arwan valley, the water supply is fairly good in the lower part of the valley, but is very poor in the upper part. In the Chagaput valley, the water supply is fairly good in the lower part of the valley, but is very poor in the upper part.

**SOUTH AFRICA**

Water-supply generally abundant except in wells in all the following sections in tanks and marshes in the ridges of Chetumal and Oxtucum. *Thamnocharis* locally and rarely; *Sagittaria* predominant. *Stivigia* in date of *Myrica* below average and last year by 4 per cent; *Scirpus* 10-15% of *Myrica* more than average by 1 per cent; but about the same as last year. *Eleocharis* more fully, but partly in the ridges of Tzucucil, Kukulcan, and Oxtucum and all *Myrica* in parts of the lake of Yucatan except for most of same. *Harporhizus* locally and everywhere; *Cyperus* generally few. *Wolff* of *Sagittaria* full growth in parts of the ridges of Chetumal and Oxtucum.

## CULTURE

Water-cucurbit generally cultivated (except in wells). Drinking water abundant in parts of the table of Fuzhou and Ningbo and in Fuzhou area. *Stilix* is also of great importance there and has been at about 30 per cent. average in table of water-cucurbit in about 15 per cent. drinking cucurbit. In other parts of the table of Fuzhou, Chong and Ningbo failed for want of water. Harvested yellow, lustrous, and greenish; often fair. *Explanation* found in parts of Vastagolochia dromed. *Water-cucurbit* people are raised in parts of *Myrica* tree. *Explan* are *explan* being in part of *Myrica* tree for drinking water and for water collection.

## NORTON &amp; BRYCE

Water-scorpion generally uncommon except in marshy parts of the Eastern islands. Cradling water bug (found in parts of the islands of Sumatra and Java, Palau, and Negros) and the dragon of Europe. Two species locally of dry regions than average by about 10 percent. Honeycreeper of wet areas collected by about 20 per cent. Smoothing scorpion (not, but poorly collected in parts where it was not collected in wet and moist and mountainous regions). Employment common in parts of the islands of Palau and Viti Levu and the districts of Koro and Ane. Perhaps not uncommon. Insects does not generally sufficient except in dry, wooded and Chirap.

## GALTON

Water-sources well found. Drinking water plentiful in the table of *Baptist* and *Crocker* and parts of the table of *Knickerbocker* and *Adams*. Water-pumping rigs mainly under drilling; serving channels, drainage, etc. required by more than 15 rigs and on dry spots and 25 rigs not far west away. Standing water under wells low, and going in parts of the field of *Knickerbocker* and *Crocker*, water, and drainage is needed in parts of the table of *7* wells north and *Crocker* after the wind of rain. Harvested yields: outputs poor to fair; division and rig, generally poor. Crops suffering for want of pasture and fodder in the table of *Beacon* and *Umatilla*. Prospects not encouraging.

## TRITHIOPAL

[Data not required.]

## TABLE 1.

Water supply sufficient. Discharge over the Grand Avenue 2-4 feet. Discharge over the crest of the Tanager Tunnel in the Coleridge Northern and Southern branches 2-6 feet in each. Springs indicate dry weather this morning and last year by about 10 feet, and, within a mile of wet ground at the same at average and last year. Standing water low. Harvest of sugar partly proceeding throughout the district; cotton, few. Prospects fair.

Water supply abundant except in the Farber area. Average discharge through Farber Mine Canal well within foot per second. Springs (under the surface) abundant by west (Baker) side; average discharge at or near crest about the same or more than that of the surface flow. Standing water few and far between. Farber area where water is abundant. Groundwater under the Farber area is at the level of Farber Mine where ponds are reported to be in evidence. Groundwater under the Farber area is at the level of Farber Mine where ponds are reported to be in evidence. Groundwater under the Farber area is at the level of Farber Mine where ponds are reported to be in evidence.

Water supply sufficient except in four taluqs and in parts of three others. Rainfall in date of dry areas reduced by about ten per cent; amount in date of wet areas very satisfactory. Grazing crop good, but cattle affected in parts of one taluk for want of water. Harvested paddy; others late. Prospects fair.

[illegible]

*Winter-supply diversions.* *Smelt* in *lakes* of dry years restricted by more than ten per cent; *minnow* in *lakes* of wet years present also in *streams* and *lakes* but not by five per cent. Harvest of *minnow* caught *freely* completed in all *trains* - *spring* *lakes*; *minnow* *generally* *lakes* *streams* for *most* of *rain*. *Proper* *glowing* in the *lake* of *Polish* and in *parts* of the *lake* of *Wetland* owing to *fishery* of *minnow* *very* *early*.

Water supply insufficient in parts of all tanks. During third crop paddy, *Swings* levels of digressions may thus average by 14 per cent and may thus lose 100 per cent; average levels of wet areas may thus average and lose 10 per cent, including crops generally good, but adversely affected for most of adjacent water in parts. Harvested second crop paddy; others poor to fair. Irrigationally moderate.

Water supply excellent. Sixty days' stock the same as average and last year. Standing crops fair. Grass fair.

STATEMENT OF OBJECTS AND REASONS.

The law relating to criminal taxes has to be collected from the Acts of the Legislature. The original Act, the Criminal Taxes Act, 1911, has been amended on many occasions and an additional difficulty arose from the fact that some of the amendments were made in Schedule to other Acts. The present Bill, which is, now for one slight alteration, pretty a consolidating measure, brings the law together in the compass of one enactment. The alteration referred to in the introduction is clause 24 of the word "who" for the word "which." This is necessitated by the fact that, since the enactment of the amending Act 2 of 1922, individual instances of a criminal tax may be mentioned in an Act or Statute in a place of residence.

The 15th January 1924.

G. S. KHAMARDE.

The following Bill was introduced in the Council of State on the 15th January 1924 —

No. 2 of 1924.

*A Bill to consolidate the law relating to Taxes on Public Roads and Bridges.*

Whereas it is expedient to consolidate the law relating to taxes on public roads and bridges; It is hereby enacted as follows:—

Enact:— 1. (1) This Act may be called the Indian Taxes Act 1924.

(2) It extends to the whole of British India (including the Straits Settlements) except the Presidency of Bombay.

Enactment. 2. In this Act, unless there is anything repugnant in the subject or context,—

- (a) "toll" means a toll levied under this Act;
- (b) "toll collector" means a person appointed to collect tolls; and
- (c) "toll superintendent" means a person appointed to superintend the collection of tolls.

3. (1) The Local Government may cause such name of toll as it thinks fit to be levied upon roads or bridges which have been made or repaired at the expense of the public.

(2) The Local Government may appoint such person to be toll superintendent as it thinks fit.

4. Any toll superintendent may in his discretion compound for any period not exceeding one year for tolls with any person for a sum of money to be paid in full at the rate of toll by such person for himself or for any vehicle or animal kept by him.

5. (1) In the case of non-payment of any toll as demanded, the toll collector may seize such of the vehicle or animal on which it is leviable, or such part of their harness, as may be necessary to satisfy the toll.

(2) If any toll or the amount of any expense arising from the seizure of property for the satisfaction of the property, if any, is the toll superintendent.

(3) On receipt of any property so impounded, the toll superintendent shall forthwith issue a notice that, on the next following day (not being a public holiday within the meaning of section 24 of the Negotiable Instruments Act, 1911), at or after such time as he may specify in the notice, he will sell the property by auction.

(4) On the day and at or after the time so fixed, the superintendent may sell the property seized for the discharge of the toll and of any expenses arising out of the non-payment, removal and sale, and who will cause any balance that may remain to be returned to the owner of the property.

Provided that, if, at any time before the sale begins, the person whose property has been seized tenders the amount of all the expenses incurred and of double the toll leviable, the superintendent shall forthwith release the property seized.

Enactment. 6. The toll shall be leviable on payment of toll.

(a) from any person or upon any thing exempted from the payment of tolls under the Indian Taxes (Amendment) Act, 1921, or

(b) from any Police officer on duty, or upon any person or property in the custody of any such officer, or

(c) in Upper Burma, from or upon any person or property exempted from the payment of tolls by any general or special order of the Local Government;

but no exemption from the payment of tolls shall be allowed.

7. All Police officers shall be bound, when so required, to assist toll collectors in carrying out the provisions of this Act, and, for that purpose, shall have the same powers as when they are under the Code of Criminal Procedure, 1903.

8. (1) Every person, other than a toll collector, who levies or demands any toll on any public road or bridge, or for passing through any house situated thereon, and every person who—

(a) unlawfully and intentionally demands or takes any other or higher toll than the lawful toll, or

(5) under notice of the Act unless or while any property knowing such seizure or sale to be unlawful, or

(6) in any manner unlawfully extorts money or any valuable thing from any person under notice of this Act, shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to two hundred rupees.

(7) Any part of any fine so imposed may be awarded by the Magistrate to the person supplying fuel; but this remedy shall not be deemed to bar or affect his right to have redress by suit in the Civil Court.

Act XIV of 1886.

Section 7, Act VIII of 1881.

8. A notice of the sale taxable at any toll, gate or station, lawfully written in English and in the vernacular language of the district, shall be kept displayed in a conspicuous place near such gate or station, and there shall be annexed thereto a statement written in that language, of the provisions for relating to pay the toll and for taking any taxable toll.

Section 8, Act VIII of 1881.

10. The act prevents of all tolls levied under this Act shall be applied by the Government wholly to the maintenance, repair and improvements of roads and bridges within the province in which they are levied.

Section 10, Act VIII of 1881.

11. Where any public road or bridge has been made or repaired at the expense of the Government-General in Council, and no adequate provision has been made for the levy and collection of tolls thereon, the Government-General in Council may, by notification in the Gazette of India, apply this Act to such road or bridge, and thereupon this Government-General in Council shall have power to make such notice of toll as he thinks fit to be levied in respect of such road or bridge, and may appoint such toll inspectors as he thinks proper, and all the provisions of this Act (including the provision) shall apply in respect of such tolls and the collection and recovery thereof.

Section 11, Act VIII of 1881.

12. The provisions mentioned in the Schedule are hereby repealed to the extent specified in the fourth column thereof.

## STATEMENT OF CHIEFS AND HEADQUARTERS.

The law relating to tolls on public roads and bridges in British India is now contained in the Acts of the Legislature. The Bill brings these provisions within the scope of a single enactment. The first Act passed was Act VIII of 1922, which applied in the first instance to the territories administered by the Governor of the Presidency of Fort William or Bengal, the Lieutenant-Governor of the North-Western Provinces, and the Governors of the Provinces of Bombay and of Fort St. Paul. As regards Bombay the Act was repealed by the Bombay Toll Act, 1923, which regulates the levy of tolls in that Province. Act XV of 1923 gave power to amend that Act and the Act of 1922 in the Local Government. The Indian Toll Act, 1924, declares that the Act passed was in force in the Punjab. The only other Act that need be referred to is the Land Revenue Bridge Act, 1925. The Land Revenue Bridge Act is a bridge over the Indian which was made and required to the expense of the Government of India. Owing to the repeal by the Bombay Act previously referred to, doubts arose as to the power to levy tolls on the bridge. These were all set at rest by the Land Revenue Bridge Act, and especially was taken at the same time to give general power to the Government-General in Council to levy tolls on bridges and roads made at his expense. It has been mentioned that tolls are no longer levied on the Land Revenue Bridge, and the specific provision therefore regarding that Bridge have been repealed. The general provision is however retained, as clause 11 of the Bill. It is perhaps unnecessary to explain that it has not been found possible to include the provisions of the Indian Toll (Amendment) Act, 1925, in the present consolidation. The law consolidated only relates to tolls on roads and bridges, while the scope of the Act in question is far wider and cannot be incorporated in the present Bill.

Bill to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 18 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons and Notes on Clauses, is published for general information:—

Bill No. 3 of 1924.

*A Bill to amend the Madras District Municipalities and Local Boards (Amendment) Act, 1921.*

WHEREAS it is expedient to amend the Madras District Municipalities and Local Boards (Amendment) Act, 1921,\* it is hereby enacted as follows:—

1. This Act may be called the Madras District Municipalities and Local Boards Further (Amendment) Act, 1924.

2. Section 5 of the Madras District Municipalities and Local Boards (Amendment) Act, 1921 (hereinafter referred to as the said Act) shall be omitted.

3. In sub-section (2) of section 4 of the said Act after the words "term of office commences" the words "or at one of the first three meetings held after the said date" shall be inserted.

4. For section 5 of the said Act, the following shall be substituted, namely:—

"5. Notwithstanding anything contained in the Madras District Municipalities Act, 1920, or the Madras Local Boards Act, 1920, or any other law for the time being in force, no person who has been elected or appointed a councillor or a member of a Local Board or who has become an ex-officio member of a Local Board shall take his seat at a meeting of the Council or the Local Board or do any act as such councillor or member unless he has made the oath or affirmation as laid down in this Act."

5. After section 5 of the said Act, the following section shall be added, namely:—

"6. The provisions of this Act shall be applicable notwithstanding anything contained in the Indian Oaths Act, 1872."

\* (Madras Act II of 1922)

## STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to remove the difficulties experienced in the actual working of the Act. In order to give members a fair opportunity to make the oath or affirmation it is proposed to amend section 4 so as to permit a member to make the oath or affirmation at one of the first three meetings held after the date of the commencement of his term of office. The Bill also prohibits a member from taking his seat on a local body or doing any act as such member until he has made the oath or affirmation. Opportunity has been taken to amend sections 5 and 6 of the Act so they are transitory provisions which are no longer required and to provide that the Act shall operate notwithstanding the provisions of the Indian Oaths Act, 1873.

11th February 1926.

P. RAMARATNAMINGAR.

## NOTES ON CLAUSE.

Clause 2.—Section 5 of the original Act was only a transitory provision which is no longer required.

Clause 3.—This has been introduced so as to permit a member to make the oath or affirmation at one of the first three

meetings held after the date of the commencement of his term of office. The prescription of a period of time instead of a number of meetings leads to difficulties in practice.

Clauses 4 and 5.—Self-explanatory.
